ONGOING AGENDA ITEMS

Financial Crisis

Cohasset, in company with numerous other towns throughout the State, faced its first Proposition 2-1/2 override in 1988. The need for this action was difficult for many citizens to understand. An education program was mounted through various forums and media outlets and the override and capital outlay exclusions amounting to $880,802, plus debt exclusions for various projects, was passed.

During the year an ad hoc committee of town officials concerned with financial matters was formed and has met at intervals to monitor trends. The conclusion of this committee at year's end is that it is impossible to continue the level of municipal services to which we have become accustomed within the confines of Proposition 2-1/2. The solution must come from the State level through extensive reform or outright repeal of this law. In the meantime it has to be kept in mind that the law itself contains the mechanics for overrides and there is no stigma attached to doing so.

A long list of capital spending needs requires attention. In order to get professional help with this problem, the Board commissioned a study by the State Department of Revenue. The results of this study are due in early 1989.

Physical Plant

Town Hall: The new addition has been completed except for a list of minor items which are being addressed. The offices in the old building are being refurbished and will be ready for occupancy by departments now housed in the Bates Building in early 1989. The roof of the old building needs to be replaced and the building needs painting.

Police and Fire Station: A new committee was appointed to study this problem and will present a proposal to bring the building up to state and local code requirements at the 1989 Annual Meeting.

Bates Building: When Town offices now occupying this building move to Town Hall, it will be offered to the Housing Authority for use as affordable housing if found to be suitable. Otherwise, it may be converted to some other town use or placed on the market.

North Cohasset Fire Station: This building was re-roofed this year and remains as a storage depot for several town departments.

Goverment Island Building: This duplex house has been rented for several years. It is under consideration for affordable housing and only after the consultants report is in will its future be known.

Common Pond: A proposal for patching the walls of the Pond and installing a membrane in the bottom was accepted early in the year. Work was postponed to the Fall in order that townsfolk could enjoy the amenities of the pond and surrounding Common during the good weather. When work was started, it was discovered that the walls are in fact not patchable. Engineers were brought in to make recommendations with a view to modifying the scope of work to include rebuilding the walls and tightening the bottom. Based on the engineers' report, work will resume in the Spring and, hopefully, the beauty and tranquility of our beloved Common will be restored within the budget.

Parker Avenue Launching Ramp:

This ramp, which was in disrepair and presented some danger to the boating public, was completely resurfaced by the Highway Department and is now in excellent condition.

The Environment:

The Disposal Area Study Committee, after long and diligent study, recommended signing a long term contract with the SEMASS trash-to-energy plant in Rochester. An interim program to send trash to a facility in Maine was abandoned when SEMASS agreed to accommodate the Town at a comparable price. Meanwhile, plans are going forward for a transfer station and recycling center at the landfill site on Cedar Street.

Environmental counsel and engineers continue to monitor the status of the private landfill on Crocker Lane which currently is limited to receiving demolition trash only.

A consulting firm continues to study the algae problem in Straits Pond. A method of harvesting the odorous growth was proposed during the summer but proved unnecessary when tidal flows cleared the area. However, the basic problem continues to exist and hopefully a solution will be found.

The Board continues to support the Water Commissioners in their continuing efforts to protect our water supply.

The intermunicipal agreement with Hull for sewage disposal has been signed, but at this writing, no funds are available for the project.

Affordable Housing

An affordable housing agreement with the E.O.C.D. was signed in August. This agreement reinforces the town's commitment to provide housing for low and moderate income families and sets the machinery in motion for accomplishing this goal over a period of time. Plans are underway for the first of these projects—a twelve unit complex on school land off Route 3A. Numerous other parcels of land are being studied for possible housing use, and two town-owned buildings are under consideration as previously mentioned. Two high-density developments, both on Route 3A, have been proposed under the comprehensive permit process, and both have been opposed by the Board.

The Housing Authority, the Fair Housing Committee and the Housing Partnership Committee all are extremely active in pursuit of our housing objectives.

Acknowledgments:

As always the unpaid and unsung residents who staff our myriad of boards, committees and commissions, both elected and appointed, make up the fabric of our town government. The Selectmen salute each and every one of them and express gratitude for their unselfish gift of their time and talents.

The Board is grateful to Norfolk County Sheriff, Clifford Marshall, for providing details for painting and refurbishing work in the Town Hall. These work groups from the Braintree Alternative Center have been invaluable to us in providing labor at no cost to the town.

The Town is also indebted to Alvah Downs, County Engineer, and Assistant Civil Engineer, Wayne Simpson, for engineering services on a number of town projects in 1988.

We also wish to acknowledge and thank the Cohasset Chamber of Commerce for their cooperation and assistance in improving parking and traffic problems in Cohasset Village.

Conclusion:

Massachusetts towns and cities are beset with many serious problems as they enter the final decade of the twentieth century, and Cohasset is no exception. There are no easy solutions. Serious thought and hard work on the part of boards and committees in their particular fields of endeavor will be required to seek out and implement these solutions. Encouraged by the spirit and love of community which is a trademark of Cohasset citizens, we are certain that the job will be done.

ANNUAL TOWN MEETING APRIL 2, 1988

At the Annual Town Meeting held at the Cohasset High School Gymnasium at 10:00 A.M. the following articles were contained in the warrant and acted upon as recorded.

Checkers previously appointed for entrance by the Selectmen and sworn in by the Town Clerk, Frances L. Marks, at 9:00 A.M. were Margaret C. Hernan, Kathleen M. Rhodes, Constance S. Jones, Marion Douglas, Jacquelyn McGuire, Janet McLure, and Katherine Lincoln.

Tellers appointed by Moderator, William D. Weeks, at 10:00 A.M. were Grace R. Tuckerman, Arthur Lehr, Jr., Louise Flint, and Robin Pape. Robin Pape will be replaced in the afternoon session by Robert Pape.

The Moderator called the meeting to order at 10:20 A.M. and a quorum of 100 was present at that time. The Town Clerk proceeded to read the call of the meeting. Total registered voters checked in on the voting lists totaled 582 voters.

Rev. Stephen Hall of the Beechwood Congregational Church gave the invocation.

Members of the Cohasset Boy Scout troop presented the colors and called the pledge of allegiance to the flag.

RESOLUTION BY DR. JOSEPH NEDROW, CHAIRMAN OF THE SCHOOL COMMITTEE

BE IT RESOLVED THAT:

WHEREAS the girls basketball team won the Division III State Championship with a record of 25-1; and

WHEREAS the boys basketball team was a Division III State Finalist with a record of 23-3; and

WHEREAS the boys hockey team was a Division III South Sectional Finalist, with a record of 15-4; and

WHEREAS the boys soccer team was a Division III State Finalist with a record of 20-2-2; and

WHEREAS the boys wrestling team qualified for the State Wrestling Tournament; and

WHEREAS the drama workshop placed third among 77 schools state-wide and was chosen as an alternate to the New England finals; and

WHEREAS three Cohasset art students received regional awards at the State Scholastic Art Show.

Now, therefore, be it resolved that the citizens of Cohasset, in Town Meeting assembled, recognize the outstanding achievement of Cohasset High School students in extracurricular activities during the 1987-1988 school year.

RESOLUTION adopted unanimously by a voice vote.

RESOLUTION BY SHARON BECKER, CLERK OF THE BOARD OF HEALTH

BE IT RESOLVED THAT:

The Board of Health members, Health Agent and Administrative Assistant, Town of Cohasset elected and appointed officials and citizens wish to extend a sincere thank you to Dr. John Burns for his exceptional services rendered to the Town during his term in office on the Board of Health. Under his wisdom, guidance, reasoning ability and sensitivity much has been accomplished for the Town and its people with Dr. Burns as chairman of the Board. John's conscientious efforts to see both points of view with compassion, equitability and fairness has given the Board a sense of consistency in its decisions. We thank you, John, sincerely, and wish you well in your future endeavors. We also thank the family of Dr. Burns for sharing him with us for those long night meetings, emergency telephone calls and all the necessary timely things that make a person a responsive, active and informed elected official. Good luck, John; we'll miss you.

RESOLUTION adopted unanimously by a voice vote.

ARTICLE 1. To choose all Town Officers not required to be elected by ballot.

MOVED: That the appropriate appointing authority as set forth by General Laws, appoint all Town Officers not required to be elected by ballot.

Voted unanimously by a voice vote.

ARTICLE 2. To act upon the reports of the various Town Officers as printed in the Annual Town Report for 1987.

MOVED: That the reports of the various Town Officers as printed in the Annual Town Report for 1987 be accepted.

Voted unanimously by a voice vote.

ARTICLE 3. To hear the reports of any Committee heretofore chosen and act thereon.

MOVED: That the report of any Committee heretofore chosen be heard, and that the reports of Town Committees be heard, accepted and that the Committees continue in office.

Article 3 voted unanimously by a voice vote.

Advisory Committee Report
Annual Town Meeting

April 2, 1988

The major task of the Advisory Committee is to recommend a town operating budget that serves the needs of Cohasset while still maintaining fiscal restraint. While our Committee feels it has achieved both those goals, the budget being presented for fiscal 1989 is not within the limits of Proposition 2-1/2 and will require a favorable override ballot in order to be funded.

The budget for fiscal 1989 of $10,438,683.75 (net of the self-supporting Water Department) includes an increase of $793,449.03 or 8% over the current year.

Our budget review process was thorough and detailed. The budget we recommend does not enlarge or improve town services in any way. It merely maintains the current level of service in the face of escalating fixed costs, contractual obligations and insurance premiums. Insurance costs alone will increase $228,000. The school budget increased 6.9% with most of the additional going to cover a pending teacher contract.

Reduction of the operating budget to a level fundable within the limits of Proposition 2- 1/2 would result in significant reduction in town services.

Voters must keep in mind that approval of Article 4 at Town Meeting is not sufficient in itself to fund the budget. The town must have a secret ballot on the question in order to authorize an override. Please remember that the override is an integral part of the original Proposition 2-1/2 legislation, devised in order to keep control of a town's financial decision-making in the hands of the people. It is not an attempt to get around the law. It is inevitable that in a society where costs are rising at a rate of 5 or 6% a year at least, a limit of only 2-1/2 % plus new growth in increased taxes will eventually create a situation such as Cohasset faces today.

The other money articles in this warrant, not including those likely to be funded from borrowing or Water Department revenues, total about $368,000, all of which would have to be funded through an increase in the override.

Respectfully submitted,

Jane O. Goedecke, Chairman
Arne K. Gjesteby, Vice-Chairman
Martin G. Corry, Jr.
William R. Lean, Jr.

PROPOSITION 2-1/2 FACT SHEET

WHAT IS PROPOSITION 2-1/2? This is the popular name for the legislation (Chapter 580 of the Acts of 1980) which imposed four limits, beginning in fiscal 1982, upon the tax levies of cities and towns. The law permits these limits to be exceeded by an "override" vote on a secret ballot question in an election (not by town meeting). One limit is that property taxes cannot be increased, at town meeting, more than 2-1/2% above the previous year's taxes. Another limit is that property taxes may not exceed 2-1/2% of the full and fair value of the property.

WHAT IS AN OVERRIDE? The law was designed to restrain increased spending, not to prevent it. Spending in excess of the limits must be recommended by the Board of Selectmen, and must be approved by majority vote on a ballot question. The law provides for six kinds of override. The most common are: to exceed the limit on the tax levy (majority vote); to exclude debt from the limit (majority vote); and to exclude capital outlay expenditures from the limit (requires majority vote on a ballot).

Between 1982 and 1986, 68% of towns passed at least one override or exclusion. Votes to exclude debt or capital expenditures succeed about 75% of the time. Votes to override the levy limit fail about 60% of the time.

WHAT IF THE TOWN MEETING APPROVES A BUDGET AND THE OVERRIDE FAILS ON THE BALLOT? Town officials would have to decide either to cut services and call another town meeting to approve a reduced budget, or to call another ballot and again urge the voters to approve an override. Since the next fiscal year begins July 1, 1988, a final resolution of the town's choice must be achieved by town meetings or special ballots before June 30.

HOW DO OUR TAXES COMPARE WITH OTHER MASSACHUSETTS TOWNS? Statewide, the amount raised in property tax in 1987 was $1,313 per capita, on property valued at $40,807 per capita (3.2%). In Cohasset, the tax was $1,625 per capita on property valued at $76,839 per capita (2.1%). (Data from the Massachusetts Taxpayers Foundation.)

Small towns have higher costs per capita. However, Cohasset real estate is currently assessed at about 60% of full and fair market value.

WHAT IS THE TAX SITUATION FOR THE STATE AS A WHOLE? In fiscal 1987, property taxes in Massachusetts were 3.5% of personal income, compared with the national average of 3.3%. In 1978, property taxes statewide were 62% of municipal revenue. In 1987, property taxes were 46% of revenue. Local aid grew from 17% in 1978 to 31% of municipal revenue in 1987. State and local per capita expenditures in Massachusetts in fiscal 1984 were $2,233. The U.S. average of state and local expenditure was $2,131.

ARTICLE 4. To see if the Town will vote to fix salaries and compensation of Elected Officers, and to see what sums the Town will vote to raise and appropriate, from available funds, or otherwise, for the payment of the salaries and compensation, expenses, equipment and outlays, capital and otherwise, of the several Town Departments for the ensuing fiscal year.

APPENDIX B

CAPITAL OUTLAY ALLOTMENTS

Other than Schools

NOTE: The term Capital Outlay covers an expenditure of $200.00 or more for equipment or of $500.00 or more for the reconstruction or establishment of a physical betterment, the useful life of which is expected to exceed two years. Separate line appropriations are shown for these items since they represent special and specific allotments and are intended to be expended solely for the purposes indicated.

Article 4. Voted by a voice vote.

RESOLUTION BY DIANE D. KORNET OF THE SCHOOL COMMITTEE

WHEREAS Joseph R. Nedrow has given generously of his time and talent for the past six years on the Cohasset School Committee, and

WHEREAS his devotion to the young people of our community has always been paramount, and

WHEREAS the Cohasset School Committee has enjoyed less conflict and an increased sense of shared common goals during the years of his leadership, and

WHEREAS the benefit of his considerable ability as lobbyist and facilitator on behalf of education in general, and the interests of Cohasset in particular has been felt by our Committee, the staff, and the students of Cohasset,

Now therefore be it resolved that this Town Meeting extend its sincere appreciation and thanks to the retiring Chairman of the School Committee, Joseph R. Nedrow.

RESOLUTION voted unanimously by a voice vote.

At 1:15 P.M. it was moved by Rocco Laugelle to break for lunch for approximately 45 minutes. The meeting reconvened at 2:10 P.M.

At this time the Moderator recognized Mary Jeanette Murray, State Representative for Cohasset.

Article 5. To hear and act upon the report and recommendations of the Personnel Committee, and to see if the Town will vote to amend its Personnel Classification Bylaw Schedule by adopting or amending as heretofore adopted and to raise and appropriate a sum of money necessary to pay the increases in compensation according to any amendments to the Personnel Classification Bylaw Schedule for the ensuing fiscal year.

(a) All elected officers and members of boards and committees shall be registered voters of the Town and shall, before entering into that position, be sworn in by the Town Clerk.

Section 3

(n) A majority of the members of a committee shall constitute a quorum, and unless otherwise provided by law, governing instrument, or these Bylaws, a majority vote of those members constituting a quorum shall prevail.

Section 3

(u) Any individual, group of individuals, or Board which has the authority under this Bylaw or under State Law to appoint members to boards, commissions, or committees shall, when making any such appointment, notify each appointee in writing of the boards, commission, or committee to which he has been appointed, the inception date of his term of office, and the termination date of his term of office, and unless otherwise provided by State Law, the termination date shall be June 30.

ARTICLE II
Town Meeting

Section 2. Special Town Meeting

(a) The Selectmen may call a Special Town Meeting to consider any matter which in their opinion requires action prior to the next Annual Town Meeting. The Selectmen shall call a Special Town Meeting upon written request of two hundred (200) registered voters of the Town, the Meeting to be held not later than forty-five (45) days after the receipt of such a request.

(b) The Selectmen shall give notice of every Special Town Meeting by causing a constable to post attested copies of the warrant for the meeting at the Post Office in the Town, and in not less than five other public places in the Town, not less than fourteen (14) days before the day appointed for the Meeting. In addition thereto, a copy of the warrant printed in some convenient form shall be sent by mail or delivered to each registered voter of the Town, at least fourteen (14) days before the day appointed for the Meeting.

(c) The Selectmen shall insert any article in the warrant for a Special Town Meeting upon written request by 100 registered voters of the Town. The names and addresses of the

first ten registered voters requesting insertion of an article shall be printed in the warrant immediately following such article. The request for insertion of an article in the warrant must be received by the Selectmen within seven days after the call for the Special Town Meeting. No action shall be valid unless the subject matter thereof is contained in the warrant.

Section 5. Rules for Government of Town Meetings

(m) The duties of the Moderator and the government of the Town Meeting not specifically provided for by law or in this Article II shall be determined by the rules of practice recommended in "Town Meeting Time: A Handbook of Parliamentary Law" (Johnson, Trustman & Wadsworth, Second Edition, 1984), so far as they are appropriate for the conditions and powers of the Town.

ARTICLE III
Elected Town Officers

Section 2. Selectmen

(a) A Board of Selectmen shall consist of five (5) members: One (1) member to be elected in 1988 to hold office for three (3) years; two (2) members to be elected in 1989 both to hold office for three (3) years; two (2) members to be elected in 1990 both to hold office for three (3) years;

Section 2.

(g) The Selectmen shall have the possession and management of all real property purchased or taken for taxes not inconsistent with law or with the right of redemption. They shall sell at public or private sale any property acquired by the Town through proceedings based on nonpayment of taxes, and may impose upon the property so sold such restrictions, reservations, or conditions as shall seem appropriate. They may execute, acknowledge, and deliver, in the name and under the seal of the Town deeds, or other instruments therefor. In the sale, conveyance and transfer of real estate permitted or specifically authorized by the Town vote for a stipulated sum to a designated person, the Selectmen may, whenever they deem it in the best interests of the Town, sell, convey and transfer such real estate for a larger sum to a different person or at a public auction.

Section 2.

(j) The Selectmen shall keep insured against loss, damage, or fire all insurable property of the Town, both real and personal. They shall maintain general liability, group health, accident, and life insurance for all eligible town employees.

Section 3. Town Clerk

(d) The Town Clerk shall keep on file these Bylaws and all revisions thereof and additions or amendments thereto, and shall make copies available to the public. The Town Clerk shall also serve ex officio as a member of the Bylaw Study Committee.

Section 4. Treasurer-Collector

(b) The Treasurer-Collector shall have custody of all notes and bonds, as well as temporary custody of all bills, vouchers, and payrolls until paid. After payment, all bills, vouchers, and payrolls shall be placed in the custody of the Town Accountant.

Section 11. Sewer Commissioners

(a) There shall be three Sewer Commissioners, with one elected each year for a three (3) year term.

Section 11

(c) The Sewer Commissioners shall be responsible for all planning relating to the expansion of the Town sewer system and shall establish and update a master plan incorporating all areas of the Town.

Section 11

(f) The Sewer Commissioners shall establish rules and regulations for the use of the Town sewer system. Before becoming effective, such rules and regulations must be presented to the Town Meeting for approval and be filed with the Town Clerk.

ARTICLE IV
Appointed Town Officers

Section 2. Town Counsel

(d) The Town Counsel shall, upon the request of the Board of Selectmen, supervise the investigation of any claim arising out of an injury to person or property under circumstances which may give rise to a claim for damages against the Town and shall advise them as to the steps he deems necessary or proper to protect and defend the Town against such claims.

Section 2.

(f) The Town Counsel shall serve ex officio as a member of the Bylaw Study Committee.

ARTICLE V
Appointed Standing Town Boards and Committees

Section 1. Advisory Committee

(h) The Advisory Committee shall review all articles in the Warrant for any Town Meeting and shall report thereon in writing, or otherwise to the Town Meeting such recommendations as it deems to be in the best interest of the Town.

Section 7. Conservation Commission

(a) The Conservation Commission shall consist of seven (7) members, each appointed for a three (3) year term by the Board of Selectmen. Two (2) members shall be appointed each of two (2) successive years, with three (3) members appointed the following year.

Section 11. Design Review Board

(a) The Design Review Board shall consist of five (5) members and two (2) associate members appointed for three (3) year terms, provided that of the first five regular members appointed, one (1) shall serve one (1) year, two shall serve for two (2) years and two (2) shall serve for three (3) years. Associate members shall serve for three (3) years.

Section 11

(d) The Board shall keep records of its proceedings and exhibits, together with its recommendations and the reasons therefor, in a file open to the public.

Section 13. Committee to Survey Structure & Functions of Town Government

(c) This Committee shall survey the structure of Town government and the functions of the various officers, departments, and boards, and shall report from time to time in writing at Annual or Special Town Meetings its conclusions and recommendations for action.

Section 14.

(d) The Committee may contract with consulting engineers and other specialists on behalf of the Town; the cost of such consultation shall not exceed the appropriation by the Town Meeting for that purpose.

Section 16. Bylaw Committee

(a) The Bylaw Committee shall consist of five (5) members: two (2) permanent members of whom shall be Town Counsel and Town Clerk; and three (3) members appointed

for three (3) year terms, provided that one (1) of the initial appointees shall serve for one (1) year, another for two (2) years, and the third for three (3) years. At least one (1) appointed member shall be a member of the Massachusetts Bar.

Section 16.

(b) Appointments shall be made by a Committee consisting of the Moderator, the Chairman of the Board of Selectmen, and the Chairman of the Advisory Committee.

ARTICLE IX
Harbor

Section 2.

(a) (ii) No boat in excess of forty-five (45) feet overall shall be assigned a mooring location in Cohasset Harbor.

(a) (vi) Mooring fees shall be paid by April 1 each year or the Harbor Master shall remove the mooring tackle from the confines of Cohasset Harbor of each individual or entity for which no mooring fee has been paid and such removal shall be at the expense of the owner.

ARTICLE X
Billboards

No person, firm, association, or corporation shall erect, display, or maintain within the limits of the Town a billboard, sign, or other outdoor advertising device, except those exempted by Chapter 93, Section 30 and 32, of the Massachusetts General Laws, or by additions to, or amendments of said sections.

MOVED: That this Annual Town Meeting be adjourned to Tuesday, April 5, 1988 at 7:30 P.M. at the Cohasset High School Gymnasium. Voted unanimously by a voice vote at 11:10 P.M.

TUESDAY EVENING — APRIL 5, 1988

Tuesday Night — Articles acted on which were chosen by random selection. Checkers appointed were Janet McLure, Constance Jones, Jacquelyn McGuire, Kathleen Rhodes, Margaret Hernan, and Marion Douglas. Tellers previously appointed with the exception of Robin Pape reported at 7:30 p.m. The Moderator called the meeting to order at 7:55 P.M. A total of 268 checked in Tuesday.

Continuation of Article 49.

MOVED: By Burtram Pratt that further action under Article 49 be referred to the By-Law Study Committee and the Government Structure Committee for further consideration.

MOVED: By Richard Henderson, Town Counsel that the main motion under Article 49 be further amended to make the following changes.

ARTICLE IV

Section 3

(a) The Town Accountant shall be appointed by the Board of Selectmen under the provisions of Section 55 of Chapter 41 of the Massachusetts General Laws and shall in addition to the duties and responsibilities outlined in this section, perform such tasks as may be required by the Board of Selectmen. The Chairman of the Advisory Board will participate in the Selection of the Town Accountant.

(e) The Town Accountant shall, at regular intervals at least as often as once each month, send to the Selectmen, the Advisory Committee and to each Board, Committee, Head of Department or Officer having the authority for disbursement on appropriation, a statement of the amount of orders approved and warrants drawn on behalf of said Board, Department, or Officer during the preceding month, and a statement of the balance of such appropriation remaining subject to draft. The monthly statement shall report actual as well as projected revenue.

(f) The Town Accountant shall immediately upon the close of each calendar year compile statements in tabulated form showing the amounts appropriated and the amounts expended from each appropriation during the preceding fiscal year, the amounts appropriated for the current fiscal year and the amounts expended from such appropriation during the first six (6) months of each year, the amounts estimated to be expended from such appropriations during the second six (6) months of such year and the estimates for the next ensuing fiscal year, and shall forthwith furnish a copy thereof to the Selectmen and the Advisory Committee.

By adding Section 3 (i) which shall read as follows:

> (i) The Town Accountant shall meet as necessary with the Advisory Committee and report to them on matters pertaining to the Annual Town Budget

ARTICLE V

Section 1

(i) The Advisory Committee shall require the Selectmen, the School Committee and other Town Officers under whose direction appropriations of money are expended to submit

to them an estimate of the appropriations necessary for their various departments and to appear before them for consultation regarding such estimates at such times and places as the Committee shall determine. The Advisory Committee shall state the amounts, which in its opinion, shall be appropriated for the ensuing year, shall add such explanations and suggestions as may be relevant thereto, and shall report thereon as provided above.

First amendment presented by Burtram Pratt was voted on first. Amendment defeated by a voice vote.

Second amendment presented by Richard Henderson was voted on. Amendment adopted.

Act on Main Motion as Amended.
Motion adopted unanimously.

ARTICLE I

INTRODUCTION

Section 1. General Provisions

(a) These articles shall constitute the By-laws of the Town of Cohasset, which shall be in lieu of all by-laws heretofore in force, except for the zoning by-laws, and shall become effective upon approval of the Town Meeting and the Attorney General of the Commonwealth of Massachusetts after publication, pursuant to Chapter 40, Section 32, of the Massachusetts General Laws.

(b) The repeal of a by-law shall not have the effect of reviving any by-law previously repealed.

(c) Any or all of these By-laws may be repealed or amended and any other by-laws may be adopted by a majority vote at any Town Meeting, provided an article for that purpose has been inserted in the warrant for such meeting. A change in a zoning by-law requires a two-thirds vote of the Meeting.

(d) When a by-law prohibits anything from being done without license or permission from a certain officer, board, or committee, such officer, board, or committee shall have the power to license or permit such thing to be done, unless otherwise provided by law.

(e) The invalidity of any article or section of these By-laws shall not affect the validity of any article, section or By-law otherwise valid, and these By-laws shall remain in effect as amended from time to time, except for those articles or sections thereof which are determined to be invalid.

(f) Whoever violates any provision of these By-laws shall, unless some other penalty is expressly provided by law, pay for each offense a fine not to exceed Two Hundred ($200.00) Dollars.

(g) Prosecution for the breach of any of the provisions of these By-laws shall be commenced within six (6) months from the alleged breach.

Section 2. Definition of Terms

(a) The words "public way" shall include any highway, town way, road, bridge, street, sidewalk, or square dedicated to public use.

(b) The words "owner" or "occupant" of a building or land shall include any sole owner or occupant and any joint tenants, tenants in common, or tenants by the entirety, of the whole or any part of a building or lot of land.

(c) The word "person" shall include individuals, corporations, societies, associations, and partnerships.

(d) Any use in these By-laws of the phrase "by law" shall mean in accordance with the laws of the United States of America and of the Commonwealth of Massachusetts, as well as regulations promulgated by the authority thereof, as from time to time amended.

(e) Whenever used herein, a pronoun in the masculine gender shall include the feminine gender. Whenever the context may be so construed, any noun, pronoun, or verb in the singular shall include the plural. The words "herein", "hereunder", or any compound of the word "here" shall refer to the entire By-laws, as from time to time amended.

Section 3. Officers and Committees

(a) All elected officers and members of boards and committees shall be registered voters of the Town. When elected or appointed shall, before entering into that position, be sworn in by the Town Clerk.

(b) Unless otherwise specified in these By-laws, officers and members of boards and committees shall receive no compensation.

(c) All officers and members of boards and committees shall continue to hold office until their successors are installed.

(d) Persons who resign from Town offices, boards, or committees shall submit formal notification of their resignation to the Town Clerk, as well as to the chairman of the board or committee from which they are resigning.

(e) Vacancies in offices shall be filled for the remainder of an unexpired term in the following manner:

(i) Vacancies in elected offices shall be filled in accordance with Chapter 41,

Section 10 and 11, of the Massachusetts General Laws.

(ii) Unless otherwise provided by law or these By-laws vacancies in appointive offices shall be filled by the original appointing authority.

Section 3. Officers and Committees

(f) All officers of the Town at the expiration of their term of office shall deliver to their successors all books, papers, documents and other properties in their custody belonging to the Town.

(g) All books, papers, and documents belonging to the Town and not necessary for the immediate use of any department shall be placed in the custody of the Town Clerk and deposited in the Town vaults.

(h) Unless otherwise provided by vote of the Town, by law, or in these By-laws, all committees shall be appointed by the Moderator or other appointing authority as soon as possible after the passage of the vote creating the committee. If a committee is chosen by nominations from the floor of the Town Meeting, no person shall nominate more than one member of such committee.

(i) Appointments of successors to standing committees shall be made within 30 days after the Annual Town Meeting, unless otherwise provided by law or these By-laws

(j) Unless otherwise provided, the first-named member of a committee shall immediately call all members of the committee together for the purpose of organization. Each committee shall thereafter proceed with the duties and report to the Town as promptly as possible, and, unless it is discharged, it shall make a report at the next Annual Town Meeting. The members of a committee which fails to make a report at such Annual Meeting shall be such failure be held to have resigned, and without further action or vote, new members shall be appointed by the original appointing authority unless other action is taken by express vote of the Meeting.

(k) All committees responsible for any matter requiring a public hearing shall give proper public notice, stating the time, place, and purpose of such hearing, in accordance with Chapter 39, Section 23B, of the Massachusetts General Laws.

(l) A vote to accept the report of a committee, except a report of progress, shall unless otherwise provided, discharge the committee, but it shall not operate as an adoption of the recommendations of such report without an express vote duly passed to that effect.

(m) All reports of committees, except reports of progress, shall be in writing and shall be permanently filed with the Town Clerk, and if the Selectmen so require or the Town so votes, the report of any committee shall be published as a part of the next Annual Town Report.

(n) A majority of the members of a committee shall constitute a quorum, and unless otherwise provided by governing instrument, or these By-laws, a majority vote of those members constituting a quorum shall prevail.

(o) Each board, commission, or committee shall annually elect a chairman from its membership.

(p) Each board, commission or committee shall keep records of its meetings and other proceedings sufficient to ensure continuity in its operation from year to year.

(q) Each Town officer, each head of a Town department, committee, or board, and any individual having charge or custody of any real or personal property belonging to or under the control of the Town shall annually by January 10 file with the Board of Selectmen and with the Town Accountant an itemized inventory of such property, both real and personal, under his control. This report shall include a description of the property and an appraisal of its replacement value, and shall be true, accurate, and complete as of the close of business on December 31 of the preceding year. Each officer or head of a Town department, committee, or board shall, upon the purchase or acquisition of any property, render a statement in writing to the Selectmen and the Town Accountant fully describing the property, with the replacement value thereof.

(r) The reports of all officers, boards, or committees which are to be printed in the Annual Report shall be delivered to the Selectmen at least sixty days before the date of the Annual Town Meeting.

(s) Unless otherwise provided by statute or these By-laws, all fees, fines or other moneys collected in the name of or on behalf of the Town by any Town Officer, board, or committee shall be turned over to the Treasurer-Collector.

(t) All boards, commissions, or committees shall comply with Chapter 39, Section 23B of the Massachusetts General Laws concerning notice of meetings and conduct of proceedings.

(u) Any individual, group of individuals, or Board which has the authority under this By-law or under State Law to appoint members to boards, commissions, or committees shall, when making any such appointment, notify each appointee in writing of the boards, commission, or committee to which he has been appointed, the inception date of his term of office, and the termination day of his term of office, and unless otherwise provided by State Law, the termination date shall be June 30.

ARTICLE II

TOWN MEETING

Section 1. Annual Town Meeting

(a) The Annual Town Meeting shall be held on the first Saturday in April in each year at 10:00 a.m. The meeting for the election of those town officers who by law must be elected by ballot, and for determining such matters as by law must be decided by ballot, shall take place on the second Saturday in April; polls shall be open at 8:00 A.M. and shall remain open until 6:00 P.M. or until such further time as the Meeting may vote.

(b) The Selectmen shall give notice of every Annual Town Meeting by causing a constable to post attested copies of the warrant for such Meeting at the Post Office in the Town, and in not less than five (5) other public places in the Town, not less than seven (7) days before the day appointed for the Meeting.

The Selectmen shall also cause to be sent by mail or delivered to each registered voter of the Town a printed copy of the warrant for every Annual Town Meeting, at least five (5) days before the time named in the warrant for holding the Meeting.

(c) The Selectmen shall insert any article in the warrant for an Annual Town Meeting upon written request by ten (10) or more registered voters of the Town. The names and addresses of the first ten (10) registered voters requesting insertion of an article shall be printed in the warrant immediately following such article. Such requests for insertion of an article in the warrant must be received by the Selectmen at least sixty (60) days before the specified time for the Annual Town Meeting.

Section 2. Special Town Meeting

(a) The Selectmen may call a Special Town Meeting to consider any matter which in their opinion requires action prior to the next Annual Town Meeting. The Selectmen shall call a Special Town Meeting upon written request of two hundred (200) registered voters of the Town, the Meeting to be held not later than forty-five (45) days after the receipt of such a request. The Selectmen shall, moreover, insert in the warrant for the Special Town Meeting all subjects the insertion of which is requested in petition of the voters. No action shall be valid unless the subject matter thereof is contained in the warrant.

(b) The Selectmen shall give notice of every Special Town Meeting by causing a constable to post attested copies of the warrant for the Meeting at the Post Office in the Town, and in not less than five other public places in the Town, not less than fourteen (14) days before the day appointed for the Meeting. In addition thereto, a copy of the warrant printed in some convenient form shall be sent by mail or delivered to each registered voter of the Town, at least fourteen (14) days before the day appointed for the Meeting.

(c) The Selectmen shall insert any article in the warrant for a Special Town Meeting upon written request by 100 registered voters of the Town. The names and addresses of the first ten registered voters requesting insertion of an article shall be printed in the warrant immediately following such article. The request for insertion of an article in the warrant must be received by the Selectmen within seven days after the call for the Special Town Meeting.

Section 3. Review & Insertion of Warrant Articles by Advisory Committee

Copies of all articles in the warrant for Annual or Special Town Meetings shall immediately be forwarded by the Selectmen to the Advisory Committee for their consideration. The Advisory Committee shall have the right to request the Selectmen to insert articles in the warrant until 20 days before the Annual Town Meeting.

Section 4. Quorum

One hundred registered voters shall constitute a quorum at a Town Meeting, except that a motion to adjourn shall not require a quorum. No vote shall be held to be invalid for lack of the required quorum unless it appears from the records of the Town Clerk of the Meeting that before the results of such vote were declared the presence of a quorum was duly questioned and found to be lacking.

Section 5. Rules for Government of Town Meetings

(a) The Moderator, while occupying the chair, shall not participate in any discussion before the meeting.

(b) Town Meetings are open, and participation is limited to registered voters of the Town, provided, however, that non-registered voters and non-residents may address the Meeting under the following circumstances:

(i) A professional person employed by the Town regarding any matter under discussion at a Meeting may address the Meeting without its consent;

(ii) Other non-registered voters and non-residents may, upon order of the Moderator, address a Meeting regarding any matter under discussion at such Meeting, provided that the Moderator's order may be appealed as provided in subsection (1) of this Section 5.

(c) Every person speaking upon a subject in any Meeting shall confine his remarks to the question before the Meeting, avoid personalities, and be seated when he has finished. Any person who is employed by another person regarding any matter under discussion at a Meeting shall disclose the fact of his employment before speaking thereon.

(d) Every person desiring to speak shall rise, address the chair, and, on obtaining recognition, shall state his name and stand while speaking unless the Moderator otherwise directs.

(e) No person shall speak on any subject a second time for more than five minutes unless the Meeting permits him to do so.

(f) No person shall speak more than twice upon any question, except to correct an error or make an explanation, without first obtaining the permission of the Meeting, and not until others who have not spoken upon the question shall speak if they so desire.

(g) When a question is to be voted on for which only a majority vote is required, the decision of the meeting shall be determined by the voices of the voters, and the Moderator shall promptly announce the vote as it appears to him by sound. If the Moderator is unable to determine the vote by the sound of the voices, or if his announcement is thereupon doubted by seven or more voters rising in their places for that purpose, the Moderator shall without debate determine the vote in either of the following ways:

(i) by ordering a hand vote, for which he may appoint tellers to make and report the count, or

(ii) by ordering a vote by ballot of the Meeting.

(h) If, after debate, the Meeting so orders, or if, upon recommendation of the Advisory Committee, the Moderator so orders (subject to appeal as provided in subsection (1) in this Section), the vote on any motion shall be taken in one of three ways:

(i) by a hand vote,

(ii) by a vote with the use of a check list, or

(iii) by a "yes" or "no" ballot with or without the use of a check list.

(i) When the Moderator rules that a motion is readily divisible, and either the Moderator deems it advisable or seven voters present so request, the motion shall be divided and the vote upon each part be taken separately.

(j) When a question is under debate, these motions shall be received:

(i) to adjourn to a fixed time;

(ii) to lay on the table;

(iii) to stop debate ("previous question");

(iv) to postpone to a certain time;

(v) to commit; or

(vi) to amend,

and these motions shall have precedence in the order stated. The first three shall be decided without debate, and the latter three may be debated. Motions to lay on the table or to stop debate require at least a two-thirds vote.

When proposed amendments involve amounts, if to purchase, the largest amount, or, if to sell, the smallest amount, shall be put to a vote first.

(k) A motion to reconsider any vote may be made at an adjourned session of the Meeting only if the mover of this motion has given notice at the session of the Meeting at which the vote was taken, of his intention to make such motion at an adjourned session. There can be no reconsideration of a vote once it has been reconsidered or after a vote not to reconsider it. A motion to reconsider any vote must be made before the final dissolution of the Meeting during which the vote was taken.

Nothing contained in the foregoing subsection, however, shall prevent or be construed as preventing the reintroduction of any matter in an article of the warrant for a subsequent Town Meeting.

(l) Any voter may appeal from the decision of the Moderator, and when his appeal is properly seconded by seven (7) or more voters, no other business, except a motion to adjourn to a fixed time or to lay on the table, shall be in order until the question of appeal has been decided. The appeal shall be decided without debate and by a hand vote. If there is a tie vote, the Moderator's decision stands.

(m) The duties of the Moderator and the government of the Town Meeting not specifically provided for by the law or in this Article II shall be determined by the rules of practice recommended in "Town Meeting Time: A Handbook of Parliamentary Law" (Johnson, Trustman, & Wadsworth, Second Edition, 1984), so far as they are appropriate for the conditions and powers of the Town.

ARTICLE III

ELECTED TOWN OFFICERS

Section 1. Town Moderator

(a) The Moderator shall be elected for a term of three years and shall receive compensation as fixed by the Town Meeting.

(b) The Moderator is the head of the legislative branch of the Town and shall preside at Town Meetings.

(c) All committees authorized by the Town Meeting, except as otherwise provided by law, or vote of the Town, shall be appointed by the Moderator as soon as possible after passage of the vote creating the committee.

Section 2. Selectmen

(a) A Board of Selectmen consisting of five (5) members who shall be citizens of the Town: one (1) member to be elected in 1988 to hold office for three (3) years; two (2) members to be elected in 1989 both to hold office for three (3) years; two (2) members to be elected in 1990 both to hold office for three (3) years;

and each to hold office until his successor is qualified, and thereafter when the term of a member expires, the Town shall elect by ballot, members of the Board to serve for three (3) years and until the successor is qualified. They shall hold no other elected Town Office, and shall receive compensation as fixed by the Town Meeting.

(b) The Selectmen, as the executive branch of Town government, shall be responsible for the general direction and management of the property and affairs of the Town in all matters not otherwise provided for by law and these By-laws.

(c) The Selectmen shall cause to be compiled, printed, posted and distributed the Warrant for each Annual and Special Town Meeting, in accordance with the provisions of Article II of these By-laws.

(d) The Selectmen shall cause to be printed and ready for distribution, at least seven days before the Annual Town Meeting, a report giving a detailed statement of the receipts and expenditures of the Selectmen, Treasurer-Collector, School Committee, and all other Town Officers, boards or committees who have had charge of expenditures of Town funds for the financial year immediately preceding. The Annual Report shall also contain all reports for the preceding year submitted by appointed and elected officers, boards and committees, and the Town Clerk's record of Town Meetings held, a list of vital statistics of Cohasset Citizens, election results, the jury list and any other matters required under Chapter 40, Section 49, of the Massachusetts General Laws.

(e) Each quinquennial valuation of property made by the Assessors, or an abstract thereof, shall be printed with the Selectmen's Report for the year following the valuation. The next such report shall be valuations as of January 1, 1991, and the next report thereafter shall be as of January 1, 1996, and reports shall be made every five years thereafter. The Selectmen shall make available at their office an adequate number of copies of this report for purchase at a reasonable price set by the Selectmen.

(f) The Selectmen may appear, either personally or by Town Counsel or by Special Counsel duly employed by them, before Court, Committee of the Legislature, Commission, or other tribunal, to protect the interests of the Town, but they are not authorized hereby to commit the Town to any course of action. They shall have authority as agents to institute, prosecute, and defend suits and claims against or involving the interests of the Town, and may pay settlements not exceeding Two Thousand Five Hundred Dollars ($2,500.00) from any appropriation or funds which may be legally available for the purpose, when, in their judgment and upon advice of counsel, such settlement is in the best interests of the Town.

(g) The Selectmen shall have the possession and management of all real property purchased or taken for taxes not inconsistent with law or with the right of redemption. They may sell at public or private sale any property acquired by the Town through proceedings based on nonpayment of taxes, and may impose upon the property so sold such restrictions, reservations, or conditions as shall seem appropriate. They may execute, acknowledge, and deliver, in the name and under the seal of the Town, deeds or other instruments therefor, in the sale, conveyance, and transfer of real estate permitted or specifically authorized by the Town vote for a stipulated sum to a designated person. The Selectmen may, whenever they deem it in the best interests of the Town, sell, convey, and transfer such real estate for a larger sum to a different person or at public auction.

(h) Whenever it is necessary to execute a deed or other instrument conveying any interest in land belonging to the Town, other than a tax deed, unless it is otherwise provided by law or by vote of the Town, such deed or instrument shall be executed on behalf of the Town by a majority of the Selectmen, and it shall be sealed with the Town Seal.

(i) The Selectmen shall have the right to sell any item of personal property of the Town after it has been properly appraised by a qualified person. If the property is appraised at more than One Thousand Dollars ($1,000.00), the property shall be offered for sale at public auction. If property is not sold at public auction, or if it has been declared by a qualified person to be unsalable or of negligible value, the Selectmen may offer it to non-profit charitable organizations, and, if not accepted, to anyone who will remove the property promptly at no charge. All moneys realized from any and all sales shall be turned over to the Town Treasurer-Collector.

(j) The Selectmen shall keep insured against loss, damage, or fire all insurable property of the Town, both real and personal. They shall maintain general liability insurance and group health, accident, and life insurance for all eligible Town employees.

(k) The Selectmen shall have such other powers, duties, and responsibilities as are provided by the Massachusetts General Laws, including, without limitation, the following:

(i) Advertising for bids for purchases and expenditures in excess of Four Thousand Dollars ($4,000.00) except as otherwise specified by statute;

(ii) Awarding contracts for public works projects, public buildings, and equipment, and being responsible for the proper fulfillment of such contracts;

(iii) Signing notes and approving the warrant for payrolls and payment of bills;

(iv) Appointing Town officers and employees whose selection is not otherwise specified by law or these By-laws;

(v) Negotiating labor contracts with Town employees, except as otherwise specified by the Massachusetts General Laws;

(vi) Making regulations governing the Police Department and the officers thereof;

(vii) Applying for federal and state funds to finance public works projects authorized by the Town Meeting, except as otherwise specified by law, and being responsible for the proper execution of the mandates of the Town concerning such works;

(viii) Appointing workers at elections, in accordance with Chapter 51 of the Massachusetts General Laws;

(ix) Acting as Tree, Park and Cemetery Commissioner and in that connection shall, among other things, care for and maintain trees, playgrounds, and public parks, including Wheelwright Park, in conformity with the Massachusetts General Laws and with provisions of specific bequests;

(x) Caring for and managing all public cemeteries;

(xi) Authorizing the location of street lights and approving street signs;

(xii) Issuing gasoline permits and the following licenses: Sunday, liquor, entertainment, common victualer, innholder, dealer, junk collector, auctioneer, and peddler. They shall establish appropriate fees for such licenses and permits, if not otherwise specified by law;

(xiii) Renting property of the Town under their jurisdiction on such terms and conditions as they deem appropriate and in the best interest of the Town;

(xiv) Conducting hearings involving complaints about dogs and other animals, and enforcing the provisions of these By-laws concerning such matters.

Section 3. Town Clerk

(a) The Town Clerk shall be elected for a term of three years and shall assume office seven days after his election. An individual who has served in the office of Town Clerk for five consecutive years may, by vote at a Town election, hold that office during good behavior pursuant to the provisions of Chapter 41, Section 19B, of the Massachusetts General Laws. He shall be compensated as fixed by the Town Meeting.

(b) The Town Clerk shall perform the duties required of him by the Massachusetts General Laws, including, without limitation, keeping a record of vital statistics, election results, the jury list, the list of residents of the Town, and the list of registered voters, and shall record and file all agreements and other papers and documents affecting the interests of the Town.

(c) The Town Clerk shall instruct the Town Counsel to record every instrument conveying an interest in land to the Town, except as otherwise provided by law, in the proper Registry of Deeds, and shall retain custody of all such recorded instruments upon their return from the Registry of Deeds. He shall also keep in a book devoted to that purpose alone, true copies of all conveyances executed and delivered by the Town of any interest in land.

(d) The Town Clerk shall keep on file these By-laws and all revisions thereof and additions or amendments thereto, and shall make copies available to the public.

(e) The Town Clerk shall keep minutes of all Town Meetings and record all votes as declared by the Moderator. His report of any Town Meeting shall include each article in its entirety, together with the main motion and any amendments thereto and the disposition thereof.

(f) The Town Clerk shall immediately after every Town Meeting, furnish the Board of Assessors, the Town Accountant, and the Treasurer-Collector with a statement of all moneys appropriated by the Town at such meeting, and of the purpose of each appropriation.

(g) The Town Clerk shall include in the regular record of a Town Meeting such portions of any report of a board or committee whose recommendations have been adopted as may be necessary for understanding the action taken by the Town.

Unless such a report has been printed in full in the Town Report, the Clerk shall cause it to be entered in full in the Book of Reports. This Book shall be properly indexed. The reports shall be numbered for each municipal year in the order of their presentation, and a marginal reference shall be made of the date of the meeting at which the report was presented. The regular record of the meeting shall also make reference to the number of the report as entered in the Books of Reports.

(h) The Town Clerk, as soon as possible after a vote of the Town has been passed which

related to or affects the duties of any board, committee, or officer of the Town, shall furnish a copy of such vote to such board, committee, or officer.

(i) The Town Clerk shall promptly notify in writing each individual who was elected to an office or committee at any Town Meeting. If the vote creates a committee, the notice shall contain a copy of the vote creating the committee and the names of all other members of such committee.

(j) The Town Clerk shall provide and have in readiness for use at Town Meetings a sufficient supply of "Yes" and "No" ballots. These ballots shall be identical in size, shape, color, paper, and ink, and in size and style of type.

(k) The Town Clerk shall, at least sixty (60) days prior to each Annual Town Meeting, notify in writing the chairman of any committee which has made no report to the Selectmen for inclusion in the Annual Report, that a report must be presented from the floor at the Annual Town Meeting for that year.

Section 4. Treasurer-Collector

(a) The Treasurer-Collector shall be elected for a term of three (3) years, shall devote full time to the duties of his office, and shall receive compensation as fixed by the Town Meeting.

(b) The Treasurer-Collector shall have custody of all notes and bonds, as well as temporary custody of all bills, vouchers, and payrolls until paid. After payment all bills, vouchers, and payrolls shall be placed in the custody of the Town Accountant.

(c) The Treasurer-Collector shall act as treasurer of the Paul Pratt Memorial Library.

(d) The Treasurer-Collector shall administer all cemetery funds under the jurisdiction of the Town of Cohasset in conformity with Article VIII of these By-laws.

Section 5. Board of Assessors

(a) The Board of Assessors shall consist of three (3) members, each elected for a three (3) year term, with one (1) member elected each year. They shall hold no other elective office and shall receive compensation as fixed by the Town Meeting.

(b) The Board of Assessors shall elect a chairman and a secretary each year.

(c) The Board of Assessors shall annually establish or cause to be established the fair market value for all real estate and personal property in the Town and shall assess taxes accordingly, as provided under Chapter 59 of the Massachusetts General Laws. As of January 1, 1986, and every five years thereafter, the assessors shall prepare for publication by the

Selectmen a report of the quinquennial valuation of property, or an abstract thereof, as provided in Section 2 (e) of this article.

(d) The Assessors shall deliver the tax list and Warrant for Collection to the Town Treasurer-Collector. Additional warrants shall be issued to the Treasurer-Collector for all taxes assessed or re-assessed which are not covered by the original warrant.

(e) The Assessors shall maintain up-to-date records of real estate and personal property assessments and automobile excise taxes and shall have authority for granting abatements on real estate and personal property taxes.

(f) The Assessors shall keep the record required by law of all tax abatements. Each month the Assessors shall notify the Town Treasurer-Collector and Town Accountant in writing as to the amount of taxes abated from each tax levy.

Section 6. School Committee

(a) The School Committee shall consist of five (5) members, two (2) members to be elected at the Annual Town Meeting in 1988 to hold office for three (3) years, two (2) members to be elected at the Annual Town Meeting in 1989 to hold office for three (3) years, and one (1) member to be elected at the Annual Town Meeting in 1990 to hold office for three (3) years, each to hold office until his successor is qualified; and thereafter when the term of a member expires, the Town shall elect by ballot a member of the Board to serve for three (3) years and until his successor is qualified.

(b) The School Committee shall formulate the policy of the local school system to achieve the educational objectives of the community in conformity with the directives of the State Board of Education.

(c) The School Committee shall have such duties and responsibilities as are provided in the Massachusetts General Laws and shall be specifically responsible for the following areas of school administration:

(i) Policy determination;

(ii) Financial planning and budgeting;

(iii) Appointment and dismissal of personnel;

(iv) Approval of courses and textbooks;

(v) Planning of school services;

Section 5.

No board, committee, or officer having charge of any work for which partial payment is to be contributed by private citizens shall undertake the work until a sum estimated by the officer, board, or committee as sufficient to cover the portion of the cost chargeable to such private citizens has been deposited with the Town.

ARTICLE VII
SAFETY AND PUBLIC ORDER

Section 1.

No person, except the Highway Surveyor or his agents in the lawful performance of their duties, shall make or cause to be made any excavation in a public street or way without first obtaining a written permit from the Board of Selectmen. Any such excavation, and the dirt, gravel, or other material therefrom, shall be enclosed by a suitable railing and must be sufficiently lighted during hours of darkness to ensure public safety.

Section 2.

No person shall obstruct any sidewalk or street or any part thereof by placing thereon building supplies, rubbish, earth from excavations, or any other materials or equipment, without first obtaining a written permit from the Selectmen. The Selectmen may grant such a permit for no longer than ninety (90) days and under such conditions as they may require; such a permit is renewable at the discretion of the Selectmen. Any such obstruction must be enclosed by a suitable railing and must be sufficiently lighted during hours of darkness to ensure pubic safety. This section shall not apply to brief periods necessary for loading or unloading merchandise.

Section 3.

Whenever the Highway Surveyor plans to reconstruct or repair any paved street or way in the town, he shall give reasonable notice of his intention to municipal departments, to utility companies affected, and to all abutting owners. If any such parties have any work to be done in such a street or way, they shall notify the Highway Surveyor so that the work can be done before the street or way is resurfaced. After notice has been given and adequate time allowed for the work to be done, no parties shall for the space of one year disturb the repaved surface of the street or way within the area so constructed and repaired except in case of reasonable necessity, as determined by the Selectmen.

Section 4.

Any person wishing to move a building or other object requiring a clearance of more than 20 feet in height or 15 feet in width through any public street or way in the town shall obtain a written permit from the Selectmen, and shall be responsible for any costs to the town incurred by the move.

Section 5.

Any person operating a vehicle from which falls any object of such size or character as to endanger public travel shall be responsible for its immediate removal.

Section 6.

The Selectmen shall have authority to establish rules and regulations for the parking of vehicles on streets or in public parking places owned and maintained by the Town. The Selectmen shall post signs informing the public of the rules and regulations and shall fix penalties for their violation.

Section 7.

No person shall cause or allow the discharge of water upon a public street or way in the Town so as to create hazardous conditions.

Section 8.

No person shall coast upon a sled or other vehicle on any of the public streets, ways, or sidewalks of the Town, unless such areas have been designated for this purpose by the Selectmen.

Section 9.

No person shall drive or ride a vehicle of any kind upon any sidewalk in the town, provided that this shall not affect the right of any person to cross any sidewalk in entering or leaving private premises, nor shall it exclude hand-drawn vehicles, such as children's carriages, invalid chairs, or sleds.

Section 10.

No person shall play any game or throw stones or other missiles in any streets or any sidewalk.

Section 11.

No person shall permit any horse, livestock, or poultry under his care to go upon any sidewalk, graze in any public place, cause damage to property, or interfere with the safety and convenience of any person.

Section 12.

No person shall keep any dog which by biting, barking, or any other activity disturbs the peace and quiet of any neighborhood or endangers the safety or any person. No dog shall be permitted to run upon public or private property without express permission of the owner, occupant, or custodian of such property. The dog officer shall impound any dog found to be in violation of these provisions.

Section 13.

No unauthorized person shall tamper with apparatus, machinery, or equipment belonging to the fire department, or with any signal boxes, wires, poles, or other article connected with the fire alarm system, except to ring an alarm in case of fire or other emergency.

Section 14.

No person shall remain upon a sidewalk in such a manner as to obstruct the free passage of foot travelers.

Section 15.

No person shall consume an alcoholic beverage, as defined in Chapter 138 of the Massachusetts General Laws, or have in his possession any such beverage with the intention of consuming it in a public place or a place to which the public has a right of access, or on private property without the owner's consent. Alcoholic beverages being used in violation

of this by-law shall be seized and safely held until final adjudication of the charge against the person arrested or summoned before a court, at which time they shall be restored to the person entitled to lawful possession. Any person convicted under this By-law shall be fined a sum not exceeding Fifty Dollars ($50) for each offense.

Section 16.

No person shall stand on any public street, sidewalk, or way for the purpose of hawking or selling any article, or for singing or playing any musical instrument for remuneration, or for addressing the public for the purpose of soliciting remuneration, without first obtaining a license from the Board of Selectmen, subject to whatever restrictions they deem necessary.

Section 17

No person shall engage in the business of collecting or purchasing junk, scrap metals, or second-hand articles in the town without a license from the Board of Selectmen.

Section 18.

No person shall deal in or keep a shop for the purchase, sale, or barter of junk, scrap metal, or second-hand articles, nor shall any person use any building, enclosure, or other structure for the storage, sale, or keeping of rags, waste paper stock, or other flammable material without a license from the Board of Selectmen.

Section 19

No person shall dispose of rubbish, filth, or litter of any kind on any street, sidewalk, or other publicly owned area in the Town, with the exception of the Town Disposal Area.

Section 20.

No person shall affix or attach any poster, handbill, notice or advertisement by any means, including painting or drawing, upon any fence, tree, post, building, or other structure within the Town, without the express consent of the owner.

Section 21.

No person shall swim or appear in public view in the Town without wearing proper apparel.

Section 22.

No person shall leap, jump, or dive from Cunningham's Bridge on Atlantic Avenue, Mill Bridge on Border Street, or Cat Dam Bridge on Nichols Road. The Selectmen shall post signs informing the public of this restriction.

Section 23.

No person, except an officer of the law in the performance of his duties, shall enter upon the premises of another or upon any public property for the purpose of looking or peeping into the windows of a house or other building or of spying in any manner upon any person therein.

Section 24.

Hunting and the discharge of firearms, air rifles, and pellet guns are prohibited within all of that part of the Town bounded and described as follows:

Westerly:	By South Main Street;
Northerly:	By Elm Street and a portion of Cohasset Harbor;
Easterly:	By portions of Cohasset Harbor and the Gulf River;
Southerly:	By the Scituate Town Line;

All of which area is delineated in red ink on a copy of the Cohasset Zoning District maps filed with the office of the Town Clerk. This By-law shall not apply to the lawful defense of life or property nor to any law enforcement officer acting in the discharge of his duties. This By-law shall not apply to hunting or the discharge of firearms by any person on land owned or legally occupied by such person subject to the provisions of existing laws.

Section 25.

Any person operating a vehicle used for the conveyance of persons for hire within the Town shall be licensed by the Selectmen and shall be governed by the provisions of Chapter 40, Section 22, of the Massachusetts General Laws.

Section 26.

(a) The use of Sandy Beach Parking Lot off Atlantic Avenue shall be limited to vehicles having properly displayed Facility Permits or Sandy Beach Association Parking Permits. Facility Permits shall be issued to vehicle owners who are residents or summer residents of the town or who own real estate within the Town. (b) Facility Permits, Sandy Beach Association Parking Permits, and Government Island Parking Permits shall be issued under the direction of the Recreation Commission.

(c) Facility Permits for residents shall be valid for the following areas: Sandy Beach Parking Lot, Cedar Street Landfill, Government Island, and the Edwin A. Young, Parking Lot. Sandy Beach Association Parking Permits shall be valid only for Sandy Beach Parking Lot, and non-resident Government Island Parking Permits shall be valid only for Government Island parking areas.

(d) All Parking Facility Permits, Sandy Beach Association Parking Permits, and Government Island Parking Permits shall expire on the 30th day of June each year.

(e) No person shall park a vehicle in the Sandy Beach Parking Lot between the hours of 11:00 p.m. and 5:00 a.m.

(f) No person shall discard any glass, metal cans, rubbish, filth, or sharp objects of any kind upon any of the parking areas or commit any nuisance thereon.

(g) The Board of Selectmen shall establish rules and regulations for the Sandy Beach Parking Lot and Government Island, pursuant to Chapter 40, Section 22, of the Massachusetts General Laws and shall post signs containing the provisions of these regulations near all entrances to the Sandy Beach and Government Island Parking Lots.

(h) The Board of Selectmen shall review the rules and regulations on any annual basis and shall consider recommendations made by the Recreation Commission. The rules and regulations shall be filed with the Town Clerk each year, as provided for in Chapter 40, Section 33, of the Massachusetts General Laws.

Section 27. Alarm System Regulations

(a) Definitions. For the purpose of this section, the following terms, phrases, words and their definitions shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future; words used in the plural number include the singular number; and words in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

(i) Burglar Alarm System. The term "Burglar Alarm System" means an assembly of equipment and devices or a single device such as a solid state unit which plugs directly into a 110-volt AC line, arranged to signal the presence of a hazard requiring urgent attention and to which Police are expected to respond. Fire alarm systems and alarm systems which monitor temperature, smoke, humidity or any other condition not directly related to the detection of an unauthorized intrusion into a premises or an attempted robbery at a premises are specifically excluded from the provisions of this section. The provisions of subsection (b) of this section shall apply to all users.

(ii) False Alarm. The term "False Alarm" means (a) the activation of an alarm system through mechanical failure, malfunction, improper installation, or negligence of the user of an alarm system or his employees or agents; (b) any signal or oral communication transmitted to the Police Department requesting or requiring or resulting in a response on the part of the Police Department when in fact there has been no unauthorized intrusion, robbery or burglary, or attempt threat. For the purpose of this definition, activation of alarm systems by act of God, included but not limited to power outages, hurricanes, tornadoes, earthquakes, and similar weather or atmospheric disturbances shall not be deemed to be false alarms.

(iii) Alarm User. The term "Alarm User" means any person on whose premises an alarm system is maintained within the Town except for alarm systems on motor vehicles or proprietary systems. Excluded from this definition and from the coverage of this section are persons and buildings who use alarm systems which are specifically designed and intended to alert or signal persons exclusively within the premises. If

such a system, however, employs an audible signal emitting sounds or flashing lights or beacon designed to signal persons outside the premises, such system shall be within the definition of alarm system and shall be subject to the provisions of this section.

(iv) Automatic Dialing Device. The term "Automatic Dialing Device" refers to an alarm system which automatically sends over regular telephone lines, by direct connection or otherwise, a prerecorded voice message or coded signal indicating the existence of an emergency situation that the alarm system is designed to detect.

(v) Direct Connection. The term "Direct Connection" means an alarm system which has the capability of transmitting system signals directly to an appropriate receiver within the Cohasset Police Station.

(vi) Interconnection. The term "Interconnect" means to connect an alarm system to a voice-grade telephone line, either directly or through a mechanical device for the purpose of using the telephone line to transmit an emergency message indicating the activation of the alarm system.

(vii) Public Nuisance. The term "Public Nuisance" means anything which annoys, injures or endangers the comfort, repose, health or safety of any person(s) or of any community or neighborhood.

(b) Administrative Provisions

(i) The Chief of Police, with the approval of the Selectmen, may promulgate such rules as may be necessary for the implementation of this section.

(ii) Automatic Dialing Devices — Interconnection

(aa) No automatic dialing device shall be interconnected to any telephone numbers at the Police Department after the effective date of this section.

(bb) All automatic dialing devices interconnected to Police Department telephone lines shall be disconnected. The user of each devise shall be responsible for having the device disconnected upon notification by the Chief of Police.

(iii) Automatic Dialing Devices — Intermediary Services. Any person using an automatic dialing device may have the device interfaced through existing telephone line to an appropriately equipped transfer station for transmission to the Police Department. Transfer is to be facilitated through,

(aa) Private answering service

(bb) Privately owned or operated facility or terminal.

(iv) Direct Connections to Police Department

(aa) All alarms shall be subject to authorization by the Chief of Police prior to being connected to the Cohasset Police Station.

(bb) The Chief of Police shall have the authority to request proposals and bids from alarm companies in order to furnish at no cost to the town a communications console and the necessary lines of communications which are compatible to the receipt of alarm signals. Each of the bids shall set forth the annual fee each alarm user will be required to pay the alarm company for services rendered, except that no fee shall be assessed to the Town of Cohasset for any alarms or connections to the console from properties owned by the Town of Cohasset. Such services shall be set forth in the form of a written contract between the alarm company and each alarm user.

The provisions of this paragraph (bb) relate solely to the aforementioned communications console, connections by the alarm user, and fees and charges related to the installation and maintenance of the console. Any alarm user has the right to contact any alarm company of his/her choice for the sale, installation, maintenance, and/or service of the alarm system to be installed on his/her premises.

(v) Control and Curtailment of Signals Emitted by Alarm Systems

(aa) Every alarm user shall submit to the Chief of Police the names and telephone numbers of at least two (2) other persons who are authorized to respond to an emergency signal transmitted by an alarm system and who can open the premises wherein the alarm system is installed. It shall be incumbent upon the owner of said premises to immediately notify the Cohasset Police Department of any changes in the list of authorized persons or employees so named in the alarm listing.

(bb) All alarm systems installed after the effective date of this By-law which use an audible horn or bell, shall be equipped with a device that will shut off such horn or bell within ten (10) minutes after activation of the alarm system. All existing alarm systems in use within the town of Cohasset shall be required to install an appropriate shut-off device and otherwise comply with the provisions of the section.

(cc) Any alarm system emitting 2 continuous and uninterrupted signal for more than ten (10) minutes, which cannot be shut off or otherwise curtailed due to the absence or unavailability of the alarm user or those persons designated by him under paragraph (aa) of this section and which disturbs the peace, comfort or repose of the community, or a neighborhood where the alarm system is located, shall constitute a public nuisance.

Upon receiving complaints regarding such a continuous and uninterrupted signal, the Police Chief shall endeavor to contact the alarm user, or member of the alarm user's family,

or those persons designated by the alarm user under paragraph (aa) of this section in an effort to abate the nuisance. The Police Chief shall cause to be recorded the names and addresses of all complainants and the time each complaint was made.

(dd) No alarm system which is designed to transmit emergency messages or signals of intrusion to the Police Department shall be tested until the police dispatcher has been notified. Unauthorized tests will constitute a False Alarm.

(vi) Penalties

(aa) The user shall be assessed twenty-five ($25.00) dollars as a false alarm service fee for each false alarm in excess of three (3) occurring within a calendar year. The Police Chief shall notify the alarm user by Certified Mail of such violation and said user shall submit payment within thirty (30) days of said notice to the Treasurer, Town of Cohasset, for deposit into the General Fund.

(bb) Failure to remove an "Interconnecting System" within thirty (30) days of notice shall constitute a violation punishable by a fine of fifty ($50) dollars.

(cc)Interconnection of an Automatic Dialing Device to any Police Department telephone shall constitute a violation punishable by a fine of fifty ($50) dollars.

(dd) Failure to establish and maintain an emergency list of at least two (2) persons or employees suitable for notification shall constitute a violation punishable by a fine of fifty ($50) dollars.

(ee) Failure to comply with the penalties established in this section may result in a written order from the Chief of Police causing all connection to the user's alarm to be removed from the Cohasset Police Department.

Section 28.

All buildings or structures occupied in whole or in part for residential purposes shall, upon the sale or transfer of such building or structure, be equipped by the seller with an approved street number. Number(s) shall be posted at the main entrance of such building or structure. The number for any building or structure located farther than one hundred (100) feet from the street serving the building or structure shall be displayed not more than ten (10) feet from the driveway entrance leading to such building or structure. Numbers shall not be less than four (4) inches in height.

Section 29.

(a) Any person or body that has lawful control over a public or private way or of improved or enclosed property used as off-street parking areas for business, shopping malls, theatres, auditoriums, sporting or recreational facilities, cultural centers, residential dwellings or for any other place where the public has a right of access as invitees or licensees, shall

reserve parking space in said off-street parking areas for any vehicle owned and operated by a disabled veteran or handicapped person which vehicle bears the distinguished license plate authorized by Section 2 of Chapter 90 min the Massachusetts General Laws, according to the formula set forth below:

If the number of parking spaces in any such area is more than fifteen (15) but not more than twenty-five (25), one parking space; more than twenty-five (25) but not more than forty (40), five per cent (5%) of such spaces but not less than two (2); more than forty (40) but not more than one hundred (100), four per cent (4%) of such spaces but not less than three (3); more than one hundred (100) but not more than two hundred (200), three per cent (3%) of such spaces but not less than four (4); more than two hundred (200) but not more than five hundred (500), two percent (2%) of such spaces but not less than six (6); more than five hundred (500) but not more than one thousand (1000), one and one-half per cent (1 1/2%) of such spaces but not less than ten (10); more than one thousand (1000) but not more than two thousand (2000) but less than five thousand (5000), three-fourths (3/4) of one per cent (1%) of such spaces but not less than twenty (20); and more than five thousand (5000), one-half of one per cent (1%) of such spaces but not less than thirty (30).

(b) No person or body shall leave an unauthorized vehicle within a parking space designated as reserved for vehicles owned and operated by disabled veterans or handicapped persons as authorized in subparagraph (a) of this Section 29 or in such manner as to obstruct a curb ramp designated for use by disabled veterans or handicapped persons as means of ingress or egress to a street or public way. The penalty for violation shall be as follows: For the first offense fifteen dollars ($15); for the second offense twenty-five dollars ($25); and for each subsequent offense the vehicle may be removed in accordance with the provisions of Section 120 D of Chapter 266 of the Massachusetts General Laws.

Section 30.

(a) No person shall sell at retail between the hours of 11:00 p.m. and 7:00 a.m. any food.

The term food as used in this Subsection shall include any article or commodity, however stored or packaged, intended for human consumption, and shall include alcoholic beverages to be consumed off the premises at which they are sold, unless any other law or permit or license granted to the seller of such beverages shall otherwise provide.

This section shall not apply to the sale of food or alcoholic beverages to be consumed on the premises on which they are sold when such sale is by a licensed common victualer primarily engaged in the sale of food to be consumed on such premises.

Persons found guilty of violating this Subsection shall pay a fine of fifty dollars ($50). For purpose of this Subsection each separate sale shall be deemed a separate offense. In the event of sale of several items or articles at one time to one customer, only one sale shall be deemed to have taken place.

(b) No store or place of business engaged in the retail sale of food shall be open for the transaction of retail business between the hours of 11:00 p.m. and 7:00 a.m.

This subsection shall not apply to the sale of food or alcoholic beverages to be consumed on the premises at which they are sold or to be consumed off the premises on which they are sold when such sale is by licensed common victualer primarily engaged in the sale of food to be consumed on such premises.

This Subsection (b) shall not be deemed to repeal or replace Subsection (a) of this Section 30. And each Subsection shall be deemed separately enforceable.

Violators of Subsection (b) shall be subject to a fine of fifty dollars ($50) for each violation. In case of continuing violations every calendar day upon which a store shall remain open shall be deemed a separate offense.

(c) No store or place of business engaged in the retail sale of food shall accept delivery of any item for sale between the hours of 11:00 p.m. and 7:00 a.m.

This Subsection (c) shall not apply to the sale of food or alcoholic beverages to be consumed on the premises at which they are sold when such sale is by licensed common victualer primarily engaged in the sale of food to be consumed on such premises.

Violators of this Subsection (c) shall be subject to a fine of fifty dollars ($50) for each violation. For purposes of this Subsection (c) each separate delivery shall be deemed a separate offense. In the event of delivery of several items or articles at one time by one deliverer, only one delivery shall be deemed to have taken place.

An adjudication that Subsection (a), (b), or (c) of this Section 30 or any part of this Section is unconstitutional or invalid shall not operate to effect the constitutionality or validity of the other Subsection or any part thereof which can be given effect without the provision deemed unconstitutional or invalid.

ARTICLE VIII
CEMETERIES

Section 1.

The Board of Selectmen shall have jurisdiction over all public cemeteries.

Section 2.

The Town will accept and forever hold in trust any money or securities which may hereafter be deposited with the Town Treasurer-Collector for the perpetual care, preservation, or improvement of any public or private burial place, or any lots or graves therein, in conformity with provisions of the Massachusetts General Laws.

Section 3.

The Treasurer-Collector is authorized to enter into agreements on behalf of the Town with the holders of burial rights in any lot in the cemeteries of the Town to provide perpetual care for such lot and the structures and grass thereon.

Section 4.

Money and securities received under the provisions of the preceding section shall not be mingled with other money or securities of the Town, but shall be kept and invested separately as a cemetery fund, and unless otherwise specifically provided for in the terms of the gift, the income only shall be used.

ARTICLE IX
HARBOR

Section 1.

In this Article, the following words shall have the meaning herein given unless a contrary intention clearly appears.

(a) "Cohasset Harbor" consists of the body of water lying inside a straight line projected across the channel from White Head Dolphin at Long's Point to White Rock and shall not include the channel extending seaward beyond that point.

(b) "Harbor Master" shall include the harbor master, assistant harbor master and deputy harbor masters, all duly appointed by the Selectmen.

(c) "Boat" shall include every type of Water craft used or capable of being used as a means of transportation on water, other than a seaplane.

(d) "Skin Diver" shall mean swimmers using fins, masks, snorkel tubes, or self-contained under water breathing devices.

Section 2.

(a) (i) No person shall install mooring tackle for any boat, float, or lobster car within the limits of Cohasset Harbor without first obtaining a permit from the Harbor Master. The application for such permit shall be prescribed by the Selectmen on a form entitled "Application for Mooring Location" dated April, 1985.

(ii) No boat in excess of forty-five (45) feet overall shall be assigned a mooring location in Cohasset Harbor.

(iii) The "Application for Mooring Location" shall identify the boat and the boat owner and shall define the boat owner's responsibilities pertaining to his boat and mooring tackle. The Harbor Master shall ensure that a signed copy of the "Application for Mooring Location" is on file in the office of the Harbor Master for all boat owners with an assigned mooring location.

(iv) A mooring location waiting list shall be maintained by the Harbor Master, using the date on the "Application for Mooring Location" as the basis for position on the list. All persons must reaffirm their position on the waiting list by June 1 of each year with the Harbor Master. A record of the reaffirmation shall be kept on the "Application for Mooring Location" form on file with the Harbor Master. Persons not reaffirming shall be dropped from the list.

(v) All boats moored in Cohasset Harbor will be required to display an annual decal on the port quarter aft of the boat to indicate that the mooring fee has been paid for the year and the boat is authorized to be on the mooring.

(vi) Mooring fees shall be paid by April 1, of each year or the Harbor Master shall remove the mooring tackle from the confines of Cohasset Harbor of each individual or entity for which no mooring fee has been paid and such removal shall be at the expense of the owner.

(vii) The owners of all boats moored in Cohasset Harbor not displaying a mooring decal shall, during certain times of the year as prescribed by the Board of Selectmen, pay a temporary per diem mooring fee as set annually by the Board of Selectmen on or before July 1.

(viii) Boats not moored in accordance with harbor regulations shall be removed from the mooring and stored at the owner's expense. Payment for removal and storage shall be made before a boat is released to the owner.

(b) (i) All mooring tackle shall be constructed in accordance with "Mooring Specifications for Cohasset Harbor," a document drawn on May 2, 1969, and on file with the Harbor Master.

(ii) A periodic inspection of all mooring tackle shall be performed under the supervision of the Harbor Master. The time between inspections shall not exceed five (5) years.

(c) If the Harbor Master determines that the mooring tackle conforms to the specification document, he shall issue a permit and assign a location if one is available. If the Harbor Master determines that the mooring tackle does not conform to the regulations or if he shall for other valid reasons deem it improper to issue a mooring permit, he shall refuse to do so. The Harbor Master shall issue or deny such permit within two (2) weeks of the date of application. The Harbor Master shall keep accurate records and books and shall issue a signed copy of the "Application for Mooring Location" to the applicant and file a coy at the office of the Selectmen.

(d) No boats shall be made fast to a Town Landing or Pier for more than thirty (30) minutes, except by permission of the Harbor Master. Boats anchored or moored in such a

manner as to constitute a hazard to navigation or property may be moved at the owner's expense. As far as practical, the harbor Master shall require all commercial boars to be moored in a common area.

Section 3.

No person carrying passengers for hire shall allow them to embark or disembark at the Town Landings without permission of the Harbor Master.

Section 4.

No boat shall exceed a speed of four (4) nautical miles per hour or cause a disturbing wake within the confines of Cohasset, Harbor.

Section 5.

Any person skin diving in Cohasset Harbor shall:

(a) display a diver's flag not less than twelve (12) inches square consisting of a red field and a white diagonal stripe;

(b) display such flag on a float or other similar device upright at a height sufficient to be visible to passing boats;

(c) tow such float and flag with him while he is submerged in the water, except that for commercial purposes, permission in writing may be granted by the harbor Master to display flags in another manner;

(d) be required to operate only from a boat attended by another person.

Section 6.

No person shall operate a boat in Cohasset Harbor while towing a water skier, aqua-plane, or other similar device except in connection with a water carnival and exhibition authorized by the Selectmen, or in an area designated by the Selectmen. No person shall operate a motor-powered boat in the vicinity of swimmers at any of the beaches in Cohasset. No person shall operate a boat in Little Harbor while towing a water skier, aqua-plane, or other similar device except on even-numbered days.

Section 7.

Lobster pots, lobster cars, crab pots, and other obstacles which could cause a hazard to navigation shall not be placed in area usually used for navigation.

Section 8.

No person shall discharge, deposit, or throw overboard into the harbor refuse or waste.

Section 9.

Small sailing classes will be allowed to race within the Cohasset Harbor area when

under the jurisdiction of an authorized race committee recognized by the harbor Master. Such small boats shall respect the maneuvering problem of larger vessels in the harbor.

Section 10.

The proper usage of Town launching ramps, including parking of trailers and motor vehicles at the approach to the ramp, shall be determined by the Harbor Master.

Persons using Town ramps for larger boats requiring cradles shall apply to the Harbor Master for a written permit. such cradles and/or boats shall not remain on the Town ramps for more than one tide.

Section 11.

No person shall clean fish on Town floats or piers.

Section 12.

No person shall load or unload lobster pots, bait, or other gear on or from any Town landing places, floats, or piers thereof, except those designated by the Harbor Master.

Section 13.

No person shall leave ropes, pots, barrels, rocks, boards, or other objects upon any Town landing places, floats, or piers thereof or longer than is reasonable necessary to load or unload them.

Section 14.

Nothing contained herein shall be held or construed to supersede, conflict or interfere with, or limit the jurisdiction of the United States Government with respect to the enforcement of the navigation, shipping, anchorage, and associated laws of the United States, or any lawful regulation of the Division of Waterways of the Department of Public Works, or the Division of Motorboats of the Registry of Motor Vehicles, or in conflict with any of the laws of the Commonwealth of Massachusetts.

ARTICLE X
BILLBOARDS

Section 1.

No person, firm, association, or corporation shall erect, display, or maintain within the limits of the Town a billboard, sign, or other outdoor advertising device, except those accepted by Chapter 93, Section 30 and 32, of the Massachusetts General Laws, or by additions to, or amendments of said sections.

Section 2.

(a) This Article shall not apply to signs or other devices erected and maintained in conformity with law which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertising the property itself or any part

thereof as "for sale" or "to let" and which contain no other advertising matter. This Article shall not apply to billboards, signs, or other advertising devices legally maintained at the time this Article was originally approved by Attorney General.

(b) This Article shall not apply to signs used exclusively for municipal, religious or charitable purpose.

Section 3.

Whoever violates any of the provisions of this Article shall be punished by a fine of not more than One Hundred Dollars ($100) and whoever, after conviction of such violation, unlawfully maintains such billboard, sign or other outdoor advertising device for twenty (20) days thereafter shall be subject to a fine of not more than Five Hundred Dollars ($500).

ARTICLE 52

(Inserted by the Board of Selectmen at the request of the Planning Board, Board of Health and Conservation Commission.)

To see if the Town will vote to petition the General Court to enact legislation that would create certain municipal revolving accounts, which legislation would provide as follows:

"(a) Notwithstanding the provisions of Massachusetts General Laws, Chapter 44, Section 53, the Town of Cohasset may establish in the town treasury escrow deposit accounts which the Town Treasurer/Collector of Cohasset shall keep separate and apart from all other monies. The Treasurer/Collector shall keep separate records with respect to the deposits to and disbursements from each account.

(b) The escrow deposit accounts shall be depositories for funds turned over to the Town Treasurer/Collector by the Cohasset Planning Board, the Cohasset Board of Health or the Cohasset Conservation Commission (herein after collectively called the "Municipal Agencies"). The source of the funds shall be from individuals and entities who are seeking various approvals and permits from one or more of the Municipal Agencies, which funds will be used to defray engineering and legal costs incurred by the Town in reviewing engineering plans, applications and other documents relating to the approval requested by the individual or entity who made the deposit. Each Municipal Agency, by regulation shall prescribe the amount of deposit which will be required to defray engineering costs and legal fees in connection with any permits they are authorized to give.

(c) The principal and interest on each respective escrow deposit account shall be expended at the direction of the Municipal Agency which deposited the funds with the Town Treasurer/Collector by the Treasurer/Collector to pay for all reasonable engineering and legal fees and cost incurred in connection wit the project for which the deposit was made. At the conclusion of the permit process and upon final approval or denial of the relief sought, to the extent that any funds remain in the account they shall be returned to the individual or entity who originally deposited them with the Planning Board, Board of Health or Conservation Commission as the case may be.", or act on anything relating thereto.

ARTICLE 52

MOVED: That the board of Selectmen petition the General Court to enact legislation that would create certain municipal revolving accounts and provide as follows:

"(a) Notwithstanding the provisions of Massachusetts General Laws, Chapter 44, Section 53, the Town of Cohasset may establish in the town treasury escrow deposit accounts

which the town Treasurer/Collector of Cohasset shall keep separate and apart from all other monies. The Treasurer/Collector shall keep separate records with respect to the deposits to and disbursements from each account.

(b) The escrow deposit accounts shall be depositories for funds turned over to the Town Treasurer/Collector by the Cohasset Planning Board, the Cohasset Board of Health or the Cohasset Conservation Commission (hereinafter collectively called the "Municipal Agencies"). The source of the funds shall be from individuals and entities who are seeking various approvals and permits from one or more of the Municipal Agencies, which funds will be used to defray engineering and legal costs incurred by the Town in reviewing engineering plans, applications and other documents relating to the approval requested by the individual or entity who made the deposit. Each Municipal Agency, by regulation shall prescribe the amount of deposit which will be required to defray engineering costs and legal fees in connection with any permits they are authorized to give.

(c) The principal and interest on each respective escrow deposit account shall be expended at the direction of the Municipal Agency which deposited the funds with the Town Treasurer/Collector by the Treasurer/Collector to pay for all reasonable engineering and legal fees and costs incurred in connection with the project for which the deposit was made. At the conclusion of the permit process and upon final approval and completion of the project or denial of the relief sought, to the extent that any funds remain in the account, they shall be returned to the individual or entity who originally deposited them with the Planning Board, Board of Health or Conservation Commission as the case may be."

RESOLUTION BY EMMETT HOLT

RESOLVED that the citizens of Cohasset are unalterably opposed to the marina/dockominium development as proposed by the Oaks Realty Trust for the former Cox estate. And further, that this Town Meeting urge our Selectmen, our State legislators and all the various town committees that may have some voice on the matter to take whatever steps may be legally necessary to insure the defeat of this development.

Voted unanimously by voice vote.

Article 4.

To see if the Town will vote to petition the General Court to enact legislation that would create a Municipal Housing Authority as follows.

"(a) The Town of Cohasset shall be empowered to create a Municipal Housing Authority which shall consist of five (5) members, each appointed for a three (3) year term, with two (2) members appointed for each of the (2) successive years and one (1) member appointed for the following; provided, however, the initial appointment of one member shall be for one year, the initial appointment of two members shall be for two years and the initial appointment of the remaining two members shall be for three years.

(b) Appointments shall be made by a Committee consisting of the Moderator, the Chairman of the Board of Selectmen, and the Chairman of the Planning Board.

(c) The Municipal Housing Authority shall have responsibility for administering qualified housing units created pursuant to special permit granted by the Planning Board of the Town of Cohasset pursuant to Section 5.4.11 of the Zoning Bylaws of the Town of Cohasset and any successor provision thereto; and shall promulgate regulations, not inconsistent with Federal and State law, regulations promulgated thereunder and executive orders for the use, occupancy, sale, rent, lease, joint ownership and other disposition of Qualified Housing under its authority. Such regulations shall become law after notice is published three times in a local newspaper; a public hearing which shall be held no sooner that seven (7) days after the last publication; and the filing of the regulations with the Town clerk after the public hearing.

(d) The Municipal Housing Authority shall have such other duties and responsibilities as are prescribed to a local agency under Massachusetts General Laws, Chapter 121B, Section 18.

(e) The Municipal Housing Authority shall have jurisdiction over such other real property as it may acquire by deed, lease, gift or devise, and shall have the power consistent with its regulations to sell, lease, rent, jointly own, or otherwise dispose of real property under its administration and jurisdiction; provided, however, that any real property which comes under the jurisdiction and control of the Municipal Housing Authority shall, to the extent permitted by law, remain Qualified Housing and be governed by regulations of the Municipal Housing Authority. A restriction to that effect shall be contained in any deed, notice of lease or other instrument recorded in any Registry of Deeds or Registry District of the Land Court and pertaining to property under the jurisdiction of the Municipal Housing Authority.

(f) For the purpose to this Act, the Term "Qualified Housing" shall include "affordable housing" and "very affordable housing" as those terms are defined by regulations promulgated by the Commonwealth of Massachusetts Executive Office of Communities and Development and shall also include other housing units sold or rented at less than market or rental value in accordance with regulations promulgated by the Municipal Housing Authority under Section (e) of this Act;"

or act on anything relating thereto,

MOVED: That the Town acting by and through its Board of Selectmen petition the General Court to enact legislation that would create a Municipal Housing Authority which legislation would provide as follows:

"(a) The Town of Cohasset shall be empowered to create a Municipal Housing authority which shall consist of five (5) members, each appointed for a three (3) year term, with two (2) members appointed for each of two (2) successive years and one (1) member appointed for the following; provided, however, the initial appointment of one member shall be for one year, the initial appointment of two members shall be for two years and the initial appointment of the remaining two members shall be for three years.

b) Appointments shall be made by a Committee consisting of the Moderator, the Chairman of the Board of Selectmen, and the Chairman of the Planning Board.

(c) The Municipal Housing Authority shall have responsibility for administering qualified housing units created pursuant to a special permit granted by the Planning Board of the Town of Cohasset pursuant to Section 5.4.11 of the Zoning Bylaws of the Town of Cohasset and any successor provision thereto; and shall promulgate regulations, not inconsistent with Federal and State law, regulations promulgated thereunder and executive orders for the use, occupancy, sale, rent, lease, joint ownership and other disposition of Qualified Housing under its authority. Such regulations shall become law after notice is published three times in a local newspaper; a public hearing which shall be held no sooner than seven (7) days after the last publication and no later than (21) days after the first publication; and the filing of the regulations with the Town Clerk after the public hearing.

(d) The Municipal Housing Authority shall have such other duties and responsibilities as are prescribed to a local agency under Massachusetts General Laws, Chapter 121B Section 18.

(e) The Municipal Housing Authority shall have jurisdiction over such other real property as it may acquire by deed, lease, gift or devise, and shall have the power consistent with its regulations to sell, lease, rent, jointly own, or otherwise dispose of real property under its administration and jurisdiction: provided, however, that any real property which comes under the jurisdiction and control of the Municipal Housing Authority shall, to the extent permitted by law, remain Qualified Housing and be governed by regulations of the Municipal Housing Authority. A restriction to that effect shall be contained in any deed, notice of lease or other instrument recorded in any Registry of Deeds for Registry District of the Land Court and pertaining to property under the jurisdiction of the Municipal Housing Authority.

f) For the purposes of the Act, the term "Qualified Housing" shall include "affordable housing" and "very affordable housing" as those terms are defined by regulations promulgated by the Commonwealth of Massachusetts Executive Office of Communities and

Development and shall also include other housing units sold or rented at less than market or rental value in accordance with regulations promulgated by the Municipal Housing Authority under Section (e) of this Act."

Motion defeated by a voice vote.

Article 5.

To see if the Town will vote to amend Section 5, AREA REGULATIONS, of the zoning Bylaw by adding a new paragraph 11 to subsection 5.4 which shall provide as follows:

5.4.11 Increased Density—Qualified Housing

(i) The Planning Board shall have the power pursuant to Massachusetts General Laws, Chapter 40A, Section 9 to grant a special permit to allow an increase in the number of building lots in a subdivision or the number of dwelling units in a residential cluster district ("RCDD") to an amount ten percent (10%) greater than that permitted by the Table of Area Regulations; provided, however, that as a condition of such grant, the developer of the subdivision or the RCDD shall be permitted to use such excess ten percent (10%) housing only as affordable housing, very affordable housing or housing sold or rented at less than fair market value of fair rental value (hereinafter collectively called "Qualified Housing"), and further provided that ten percent (10%) of the building lots in the subdivision or ten percent (10%) of the dwelling units in the RCDD that would have been permitted by the Table of Area Regulations shall also be used for Qualified Housing.

(ii) The sale, lease, occupancy, equity sharing or other disposition of the Qualified Housing created under Clause (i) of the subsection shall come under the administration and jurisdiction of the Municipal Housing Authority, as that agency is defined in special legislation enacted or to be enacted by the General Court of the Commonwealth of Massachusetts and the General Bylaws of the Town of Cohasset.

(iii) The procedure for obtaining a special permit under this subsection shall be pursuant to Section 12.4 of this Zoning Bylaw; except that for the purpose of this subsection the permit-granting authority shall be the Planning Board.

(iv) For the purpose of this subsection, the terms "affordable housing" and "very affordable housing" shall mean low and moderate income housing as those terms are defined by regulations promulgated by the Commonwealth of Massachusetts Executive Office of Communities and Development, and less than "fair market value housing" or "less than fair rental value housing" shall mean "less than fair market value housing" or less than "fair rental value housing" as those terms are defined in regulations promulgated by the Municipal Housing Authority";

Bylaw Committee

The year 1988 was a very busy one for the Bylaw Committee. The General Bylaws for the town of Cohasset went before the Annual Town Meeting held on April 2, 1988 and were approved by a unanimous vote.

The Town Clerk sent the approved Bylaws to the Attorney general and they were returned approved and became effective on June 10, 1988.

The Town Clerk's office has entered the Bylaws in the word processor and copies will be available for a fee to be determined by the Board of Selectmen.

Respectfully submitted,

Cornelia L. O'Malley, Chairman
Mary E. Gainor
Roger Nast
Richard A. Henderson, Town Counsel
Frances L. Marks, Town Clerk

Town Archivist For Annual Town Report

Construction of the Town Hall Addition during 1988 included installation of new controlled-environment vaults for the on-site storage and preservation of Cohasset's permanent public records as required by the Public Records Laws of the Commonwealth of Massachusetts. The reinforced concrete vaults within the new building provide the town, for the first time, with a municipal records storage facility acceptable to the Records Management Section of the State Archives.

The Town Archivist has begun work to gather existing public records from the older part of the Town Hall and to organize them in the new vault facility. Additionally, the non-conforming temporary vault at the High School will be vacated and its contents transferred to Town Hall vaults. For the past decade that temporary facility has held Cohasset's oldest and most historical records, many dating from the 18th and 19th centuries. These will be incorporated in the new Town Hall facility.

Where found necessary record books of the various town offices and departments are being placed in new binders for organized storage within the new vaults, and will be shelved in accordance with accepted archival standards. Permanent public records improperly stored will be placed in the town's vaults in conformity with state requirements. Continued future

efforts will be required to insure that Cohasset's permanent public records remain properly stored, organized and preserved.

Respectfully submitted,

David H. Wadsworth, Town Archivist

Committee To Survey The Structure And Function Of Town Government

The purpose of this Committee is to survey the structure and functions of Cohasset town government, its officers, departments and boards, and from time to time report its findings and recommendations, if any, to Town Meeting. The Committee held meetings on a regular basis during this past year. We have had meetings and discussions with members of various committees, boards, town officials and interested citizens.

At the Committee's recommendation, the Board of Selectmen requested a municipal financial management services review provided by the Division of Local Services of the Massachusetts Department of Revenue. This review, at no cost to the town, should help with medium and long-range fiscal planning. It is currently underway.

The Committee submitted an application for an Incentive Aid Program grant to the Executive Office of Communities and Development for monies to conduct a study to evaluate and recommend management changes in the present government structure to improve communication, coordination and efficiency in the administration of town government. The Commonwealth's fiscal crisis precluded the awarding of this grant.

At the request of several committees and boards the Committee investigated the possibility of establishing a full-time position of Town Engineer, and concluded that many factors make such an action inappropriate at this time.

During 1988 Committee members Richard Horn, Chartis Langmaid, John O'Donnell, Herbert Williams and John Whoriskey were succeeded by Patricia Facey, Roy Fitzsimmons and James Whelan. While all previous members made significant contributions to the Committee, Chartis Langmaid, with six years service, many as Secretary to the Committee, and John O'Donnell, with two years as Chairman of the Committee deserve particular recognition.

Respectfully submitted,

Jean Cotton, Chairman
Wilson Pile, Secretary
Patricia Facey
F. Roy Fitzsimmons
James Whelan

Cable Television Council

The Cable Television Council is appointed by the Selectmen and meets periodically to assure that Continental Cablevision complies with the requirements of its contract with the Town of Cohasset. We also encourage community members to make full use of "public access" to cable television in Cohasset.

This year, again, has been relatively free of mechanical failures or other technical or billing difficulties for subscribers. All complaints made to the company apparently have been satisfactorily resolved.

Another rate hike this year displeased the council. However, as federal deregulation has freed the company to raise rates without municipal approval, all we could do was voice our disapproval. Ultimately, it is the Cohasset resident who must "regulate" the company by dropping the service when rates become unreasonable.

The studio and business offices of Scituate and Cohasset were merged into one facility in North Scituate in April of 1988. A new Cohasset Program Director, Bob Belliveau, was hired by Continental to support Cohasset's community television activities. The company also added to its commitment to Cohasset by increasing the hours of the Program Director from half to two-thirds time, exceeding contract requirements. The new arrangement in North Scituate provides Cohasset residents with more hours of studio time with assistance from company personnel and gives access to more and better equipment than did the Cohasset studio arrangement.

Community television production, at a low ebb in 1987, has increased this year. The show Cohasset Talks, Pierson to Person has become an effective medium for the airing of major town issues, as well as a showcase for interesting town residents. With this show, which has included appearances of the Selectmen and the School Committee, and local sports and programs from the Cohasset schools, as well as live coverage of the Town Meetings, cable television is, at last, beginning to meet its potential as an integral part of the public life of our town.

Harbor Committee

During 1988, the Harbor Committee continued to investigate and make recommendations to increase safe utilization of the harbor for all interests and provide for fair and effective administration. Several of the significant items were:

A new dock was purchased and installed at Lawrence Wharf prior to the summer season. It replaces one damaged beyond repair and provides more dinghy tie-up space. The other town docks will be inspected and repairs or replacement will be recommended as the budget will allow.

A new policy was instituted requiring mooring holders to provide proof of boat ownership to the town as a condition of obtaining their mooring stickers. This provides the Harbormaster with better control.

The Harbor Bylaws were reviewed and a revision incorporating the Harbor Regulations has been drafted and submitted for the 1989 Town Meeting. It was reviewed by the Town Bylaw Committee and Town Counsel and will be on the Warrant for your consideration and vote in April.

We met with members of the commercial fishing fleet in May to listen to their suggestions for the future of the Harbor. The meeting was well attended and many positive ideas were proposed for our consideration.

In May, we met with the Oaks Realty Trust, the owners of "The Oaks", the former Cox Estate, as they wanted to gather ideas on utilization of the property for waterfront uses. Their idea of a marina to be sold as "docominiums" was not well received by the committee. Subsequently, they proposed to build a 109 slip marina.

In October, another meeting was held with the owners of The Oaks at the committee's request to review the owner's plans for the marina and the possibility of reducing the number of slips to be built. We saw that there would be a severe negative impact on the Harbor.

In November, the committee sent to the Board of Selectmen a unanimous recommendation with ten reasons, to reject the Oaks Realty Trust 109 slip marina proposal. The Selectmen voted unanimously to accept our recommendation, and subsequently sent letters to state and federal offices and officials that could help to reject the marina project proposed by the Oaks Realty Trust.

At the December Special Town Meeting, the committee proposed an amendment to the Town Zoning Bylaw defining "private docks" and "marina". The amendment was unanimously approved by the Town meeting.

Our new Harbormaster, Irving Gadow came aboard on November 1st. He brings with him 30 years of experience in the U.S. Coast Guard and we look forward to working with him.

Harbormaster

On 1 November 1988, I was appointed to the position of Harbormaster and would like to take this opportunity to thank the various town departments for the help and support that they have given me. Special thanks to Dave Marks and Cliff Dixon for their assistance in pulling the floats for the winter.

It is my intention to continue to enforce the policies and harbor bylaws that have been established by previous harbormasters to ensure that Cohasset Harbor is safe and navigable. A training program will be implemented to ensure that summer employees will be qualified and the harbor will be patrolled at all times during the boating season.

Realizing that space is a problem and the waiting list for moorings continues to grow, I will make every effort to find a solution to this problem, as well as a solution to the problem caused by boats mooring in the channel. Moorings and tackle will be inspected, as has been done in the past, to further ensure the safety of Cohasset Harbor.

Respectfully submitted,

Irving Gadow
Harbormaster

Treasurer-Collector

Last March June Woodland was welcomed to the Treasurer-Collector's Office as the Part-time Accounting Clerk. She replaced Chartis Langmaid who left for full time employment.

In April the Town was faced with an override in order to fund the operating budget for the upcoming fiscal year. Our free cash was depleted and our new growth was clearly not going to be sufficient to cover the additional funds needed to operate the Town's departments. Jane Goedecke, Advisory Committee Chairman, the Selectmen and the Executive Secretary spent endless hours educating the Townspeople to the reasons for the override and the projected future needs of the Town.

Many towns and cities in the Commonwealth have been faced with overrides during the past few years. The small towns are at a disadvantage because the new growth figure is seldom enough to fill the gap between the percentage increase over the prior year's budget and the 2-1/2% limit on the tax levy. In May, Cohasset voted to approve the overrides necessary to fund the Fiscal 1989 Budget and maintain the existing services. You, the Townspeople, are to be commended for the time you spent learning about the reasons for the overrides and voting responsibly at the polls.

We have added a new employee benefit during the past year; Deferred Compensation. It is a voluntary deduction and available to all employees. One of the benefits of this is that it has both a federal and state tax shelter. At the present time there are fifty-five employees enrolled.

As I sit in my new office enjoying the privacy and additional space I can't help but remember what the office was like four and one-half years ago when I was appointed to fill the unexpired term of former Treasurer-Collector, Gordon Flint. Many of you will remember the Collector's Office with the counter and metal bars separating the public from the office staff. The Assistant Treasurer and Part-time Clerk shared an office down the hall completely separate from the Collector's Office. Now four years later we have a lovely new office in the addition to the Town Hall.

Besides the new offices the addition includes a new two-room state coded vault in the basement in which to store the Town's permanent records, meeting rooms, handicapped access, private offices for the Department Heads and an employee kitchen and lounge. During the move to the new quarters many hours were spent going through old records and setting up files so that the data will be more accessible. Our appreciation to the Townspeople for supporting this project.

Again I extend my appreciation to my staff Sally Lincoln, Nancy Snowdale and June Woodland for their continued support, hard work and dedication to public service.

Board of Assessors

To the Citizens of the Town of Cohasset:

As this report is going to press, the Assessor's office is proceeding with the third Triennial update of all property values as mandated by the passage of Proposition 2-1/2. For fiscal 1990 all values in Town must increase to 100% of market value as of January 1, 1989. To accomplish this, we presently have men in the field verifying all data.

Since our last re-valuation, sales of homes have been slower; market prices have somewhat stabilized and are more in line with historic increases, with the exception of some of the larger homes.

Last years tax rate was $14.63 compared to the prior years rate of $12.98, a difference of $1.65 or a 12-1/2% increase. The passage of the over-ride last year accounted for $1.49 of the increase. Without the over-ride the tax rate would have been approximately $13.14 or a 1-1/2% increase over the prior year.

The addition of $20,000,000.00 of new construction was instrumental in keeping our tax rate down, providing some $260,000.00 of additional revenue. We do not foresee this large amount of new construction helping us again and we therefore must not depend upon large sums of new construction to help carry our tax burden.

Keeping in mind that the function of the Board of Assessors is to spread the burden of the tax levy, fairly and equitably, over individual taxpayers, we are working diligently to accomplish the re-valuation task to achieve equitable valuations. Without the support and great work of our office staff Dorothy Graham and Janice Rosano, the accomplishment of these tasks would not be possible.

Respectfully submitted,

The Board of Assessors

Michael Patrolia
James Lagrotteria

Capital Budget Committee

During 1988 the Capital Budget Committee held frequent meetings to consider requests for Departmental outlays exceeding $10,000. for any given item of capital equipment. Our recommendations have been discussed orally with the Selectmen, the Advisory Board and other interested people. At Town Meetings we have made presentations in writing for consideration.

The Capital Budget Committee wishes to express its continuing concern about the following:

1. We have been receiving requests for outlays, which are very large in the aggregate. We are likely to need frequent future Proposition 2-1/2 overrides if we wish to go ahead with several of these pending large projects.

   To help finance these large capital costs, we believe there is a need to consider possible new sources of funds, such as greater fees for various services.

2. If our Committee is to function efficiently, we need to know of large projects at least four years in advance. Often, we do not get more than one year's advance notice.

Respectfully submitted,

The Capital Budget Committee
Edwin Tebbetts, Chairman
Richard Avery

Planning Board

The Cohasset Planning Board, under the authority granted to it by Massachusetts General Laws Chapter 40A, Chapter 41 and the Cohasset Zoning Bylaws, fulfilled the following responsibilities in 1988:

* Reviewed nine subdivisions not requiring approvals;

* Reviewed for initial consideration or final approval six Site Plans for the Highway Business, Light Industry and Downtown Business Districts;

* Reviewed for initial consideration or final approval five subdivisions;

* Continued monitoring of approved Cluster Developments;

* Continued monitoring of approved subdivisions;

* Proposed for inclusion in the Zoning Bylaws the following additions:

* Definitions for Private Docks and Marina.

* Signed the Housing Agreement with EOCD to provide for affordable housing in Cohasset;

* Reviewed plans submitted by Deck Point to the Zoning Board of Appeals for a Comprehensive Permit to build 128 housing units on Route 3A, of which a portion would be affordable housing.

* Reviewed plans submitted by Crystal Woods Development for 60 housing units on Route 3A, of which a portion would be affordable housing;

* Submitted two (2) Articles at the Annual and Special Town Meetings for the establishment of a Municipal Housing Authority and an incentive to developers to build affordable housing.

The Planning Board eagerly awaits moving to our new office at Town Hall, sometime during the month of January.

Metropolitan Area Planning Council

During fiscal year 1988, which runs from July 1, 1987 through June 30, 1988, the community contributed .1854 per capita, or $1,362 to MAPC for regional planning services.

With the support of Cohasset and 100 other communities in the metropolitan Boston area, MAPC provided planning services, information and advice for subregional and region-wide initiatives in the areas of land use, economic development, housing, transportation and environmental quality.

Projects completed during calendar year 1988 and of direct benefit to Cohasset include:

The South Shore Coalition received a $125,000 Legislative line item to prepare a subregional solid waste management plan. MAPC staff assisted with the application and will work on the plan.

With assistance from MAPC staff, the South Shore Coalition was also awarded a $50,000 grant to document effects of the affordable housing crisis, perform a housing market analysis and determine the feasibility of a regional housing trust. The following MAPC publications are a result of that grant:

"The Housing Affordability Problem: What Does It Mean To The South Shore?"
"Reading in Housing Trusts, Land Trusts and Related Housing Support Mechanisms"

"Readings in Regional Development Impact Review"

"Affordable Housing: Local Initiatives Within the State Context"

MAPC staff has begun work on a $44,000 subregional Septage Management Plan for the South Shore Coalition. The plan, which will evaluate disposal options, will be completed in June.

Regionally, MAPC continued to work on MetroPlan 2000, the agency's comprehensive regional plan, developing new population, employment and retail trade forecasts; an inventory of more than 600 vacant commercial and industrial sites; and several resource papers on affordable housing issues, regional transportation improvements and land use projects. MAPC also worked for additional funds for local pavement management programs and coordinated the local TIP review, which provides federal funds for local highway projects.

Finally, MAPC completed prototype projects which are applicable to all communities. For example, in Cambridge the agency developed a transportation management zoning report which provides land use recommendations designed to reduce site-specific traffic.

MAPC appreciates the continued support of Cohasset, and looks forward to further service in the years ahead.

Sincerely,

Martha K. Gjesteby
MAPC Representative

Conservation Commission

The Conservation Commission's primary responsibility is the continuing protection of Cohasset's wetland resource areas through the interpretation, administration and enforcement of the Wetlands Protection Act (Massachusetts General Laws, Chapter 131, Section 40). The Commission held many public hearings for applicants who proposed construction or other work on or near the wetlands.

The Commission presently meets on the first and third Tuesdays of each month at 7:30 p.m. Each public hearing is preceded by an on-site inspection by commissioners who walk the property and view the location of the proposed work. Commissioners also attend meetings and workshops sponsored by such groups as the Massachusetts Department of Environmental Engineering, the Massachusetts Association of Conservation Commissions and the Metropolitan Area Planning Council. Locally, commission members attend Planning Board, Board of Health and other town board meetings whenever their deliberations affect areas under our jurisdiction.

The Commission accepted the resignations of Austin O'Toole, Dean Harrold, James Cox and Paula Logan. We wish to extend our thanks to them for their dedicated service. Veneta Roebuck, John Bryant and Jeffrey Waal were welcomed as new members.

Respectfully submitted,

Patricia C. Buckley, Chairman

Board of Health

In 1988 Dr. John Burns chose not to run for re-election; Michael Sullivan was elected in April. During the Board's reorganization, Sharon L. Becker was elected Chairman and William E. Baird, Clerk. Dr. Joseph R. Godzik continues as Health Agent with Carol Oteri-Puffer, Administrative Assistant.

During the year the Board of Health assigned the present Cedar Street landfill as a Solid Waste Disposal Facility in anticipation of the construction of a transfer station. The Board will continue to operate the Solid Waste Disposal Facility which will consist of a transfer station, landfill recycling and composting operations. The Board commends the Disposal Area Study Committee for its work in securing design engineers and a construction bid for the transfer station.

A Building Committee was appointed by the Selectmen to oversee the construction of the transfer station. Their first action was to appoint a Clerk of the Works, Gary Ainslie, who will work closely with the contractor to assure that specifications are met and that the financial interests of the Town are protected. The Committee will be meeting regularly during the construction project.

The Town is complying with an order issued in 1987, requiring a leachate collection and disposal system. So far the hydrogeological report has been completed. Work involved installing thirteen wells, including some into the bedrock which lies under the landfill. Testing so far has indicated virtually no contamination of the ground or surface waters adjacent to the landfill. The leachate collection system will be designed once permission is received from the Department of Environmental Quality Engineering. A topographical survey of the landfill was done and an estimate of the remaining life made. About three to four years of filling at the current rate remain. Construction of the transfer station will begin in early 1989 and should be completed in July 1989.

At the Annual Town Meeting a mandatory recycling bylaw was passed. Residents are required to recycle newspapers, glass, aluminum, scrap metal, returnable containers with deposits and yard wastes. About eight to ten tons of newspapers are recycled each week. Once the transfer station is in operation there will be a cost avoidance/savings of $55/ton or $400 to $500 per week. It is hoped that corrugated cardboard will be recycled beginning in 1989. The expanded and rejuvenated Recycling Committee is looking into markets for recycling plastics, especially high density polyethylene (HPDE.) To provide for better leaf and yard waste composting, an expanded area is being prepared. Application has been made to the State for grants to reimburse the cost of site preparation and equipment for both composting and recycling.

Recycling education will take a great step forward in 1989 with the distribution of instructional cards for recycling and the creation of the CARE logo, "Cohasset Agrees to

Recycle Everything," by Goodwin Graphics on calendars and stickers at no cost to the Town.

Camp, Dresser and McKee has finished its studies regarding ground and surface water flows in the area of Cohasset Heights, Ltd. landfill, and potential contamination and risk to Lily Pond, the Town's main water supply. A final report is due in early 1989. Work by HMM Associates to determine the impact of Cohasset Heights, Ltd. on adjacent wetlands indicated that wetlands are, in fact, being stressed. Further studies have been conducted in accordance with their recommendations.

Enforcement of the Hazardous Materials Bylaw was more effective during 1988. This resulted in testing of many underground storage tanks and the removal of several others which were quite old or had developed leaks either in the tank or the piping associated with the tanks. Efforts are being made to reduce the cost of residential inspections. The Board also passed a regulation requiring testing of underground storage tanks prior to the sale of any property in the town.

Shell fishing continued to be banned in all Cohasset Waters due to high bacteria counts. At the end of the year a trend toward higher bacteria counts was noted. The reason for this is not known. A study by the consulting firm, IEP, Inc., on Little Harbor indicated that water fowl make significant contributions to the high bacteria counts in that area.

Another very successful Health Fair sponsored by the Board of Health, the Social Service League and the Council on Aging was conducted in May. This annual event attracted increased numbers of visitors and participants and provided a wider range of services than past fairs.

Two Household Hazardous Waste Collection days were conducted jointly with the towns of Hingham, Hull and Scituate. Total cost of disposal of various hazardous household items such as paint, aerosol cans, chemicals, pesticides, oil and asbestos was $36,375. In excess of one hundred households from the four communities participated. A portion of Cohasset's disposal costs was funded with a $1,751 grant allocated by the Massachusetts Department of Environmental Management.

In early 1989 the offices of the Board of Health will move from Elm Street to the Town Hall. The new location will be in the old office of the Town Clerk.

Disposal Area Study Committee

At the annual Town Meeting in April 1988, $550,000 was requested by the Disposal Area Study Committee and appropriated for the construction of a Transfer Station at the disposal area on Cedar Street. Following the Town Meeting, the Committee held regular meetings with SEA Consultants (Engineers for the Transfer Station) to continue the process of designing the Transfer Station.

On May 16, 1988, the Board of Selectmen met with the Board of Health and approved a change of the Disposal Area Committee's jurisdiction from the Board of Selectmen to the Board of Health. A subsequent meeting was held on May 19, 1988 with the Board of Health, the Recycling Committee, the Disposal Area Superintendent, the Park Department Superintendent and SEA to review the preliminary design of the Transfer Station. At that meeting, topographical survey results were presented to show that the disposal area has approximately four years of space remaining. The various representatives at the meeting presented concerns and suggestions for the final transfer facility design.

The next meeting was held on June 14 with the Board of Health, the Recycling Monitor and SEA representatives. SEA members agreed to present an option package to the various committees in two weeks, since many questions about the design had been raised by the participants. On July 12, SEA presented the option package and recommendations. SEA did not attend the meeting on July 20 when the options were discussed but did attend a July 29 meeting along with the Board of Health, Board of Selectmen, the Disposal Area Superintendent, and the Recycling Committee. At that meeting, SEA indicated that final design would be available in a month. On September 20 at a Board of Health meeting, SEA indicated that the bid opening date would be October 27. Design plans had not yet been finalized. September 29 the Disposal Area Study Committee held a meeting.

At that meeting, the Committee was informed that on September 22 an interim disposal offer had been made by SEMASS. That offer would eliminate the need for disposal of trash at the PERC facility in Maine. The Board of Health was informed of the offer and negotiated and approved the terms of the offer at a meeting on October 11.

Final specifications and plans were received from SEA on October 21 and the bid opening date was moved to November 3 at the Selectmen's Office. Subsequently, the contract was awarded to Sciaba Construction Corp. with work to begin as soon as all DEQE requirements have been satisfied.

Plymouth County Mosquito Control Project

The Commissioners of the Plymouth County Mosquito Project are pleased to submit the following report of our activities during 1988.

The Project is a special district created by the State Legislature in 1957, and is now composed of 23 Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. The Project is a regional response to a regional problem and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

1988 was a year of significant challenges. Many of the concepts, equipment, and procedures implemented over the last five years were tested by unusual summer heat and record July rainfall. Trap collections of flood-water mosquitoes were at a ten year high across much of New England. In Plymouth County, efforts aimed at immature larval mosquitoes reduced populations significantly. Follow-up ultra low volume spraying reduced adult populations to tolerable levels in a short time. The technology and procedures that are in place now are far more effective and efficient than those of a decade ago. Special efforts were put forth by the field crews who worked in the excessive heat.

The threat of the mosquito transmitted disease Eastern Equine Encephalitis (EEE) was low in 1988. There was some concern that this season's surge in summer flood-water mosquitoes (Aedes vexans) might result in transmission of the virus to people, and some additional spraying was done. Virus was recovered from bird feeding mosquitoes, but no horse or human cases occurred. The recurring problem of EEE in Southeastern Massachu-

setts continues to ensure cooperation between this Project and the Massachusetts Department of Public Health.

Other significant developments included an increase in membership. The Town of Kingston joined the regional project on July 1, and began receiving the same services as other member towns. In addition, our systematic trapping program was expanded in all towns beginning July 1, thereby providing more complete information on which to base control decisions. Finally, a specially designed tracked vehicle has been acquired which makes possible inspections of the more remote and inaccessible areas.

The figures specific to the Town of Cohasset are given below. While mosquitoes do not respect town lines, the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Cohasset residents.

1. Insecticide Application. 4,128 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in May and the last in September.

   Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes, and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present. Last year a total of 105 inspections were made to 64 catalogued breeding sites.

   Finally, we have been tracking complaint response time, that is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Cohasset was less than three days.

2. Water Management. During 1988, crews removed blockages, brush and other obstructions from 1,400 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work together with machine reclamation is most often carried out in the fall and winter.

3. Machine Reclamation. 1,036 linear feet of ditch was reconstructed in Cohasset using one of the Project's three track driven backhoes.

4. Mosquito Species. **Coquillettidia perturbans** was the dominant mosquito collected in the Cohasset trap. Other important mosquitoes collected included **Aedes vexans** and **Culiseta melanura.**

   We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

PUBLIC SAFETY

Fire Department

I hereby submit the annual report of the Cohasset Fire Department for the year ending December 31, 1988.

A statistical analysis of the Department responses for the year is as follows:

Structure Fires	44
Motor Vehicle Accidents	39
Motor Vehicle Fires	16
Medical Calls	480
Brush/Outdoor Fires	53
Investigations	248
Assistance/Miscellaneous	195
Inspection	315
Total	1,390

Mutual aid to surrounding towns:

Rendered	136
Received	61

At the end of 1988, the Cohasset Fire Department was operating the following apparatus out of the single fire station at 44 Elm Street.

Engine 21, 1987 Pierce Dash 1250 GPM Pumper.
Engine 2, 1961 Pirsch 750 GPM Pumper.
Engine 23, 1979 Farrar/Duplex 1250 GPM Pumper.
Ladder 1, 1978 Seagrave 100 Foot Aerial Ladder.
Forestry 1, 1982 Farrar/Ford 4 WD 100 GPM Brush Fire Pumper.
A-28, 1985 Wheeled Coach/Ford Class 1 Ambulance.
Car 20, 1987 Ford 4-Door Sedan.

The medical calls that the Department responds to are continuing to increase in numbers. The statistical breakdown of the ambulance responses is as follows:

Total Runs	573
Number of Persons Transported	346
Persons Treated at Scene	201
Mutual Aid Rendered	98
Mutual Aid Received	7
Total Miles Traveled	10,653

The Hydraulic Rescue Equipment approved at the 1988 Town Meeting arrived and will be placed into service during the first part of 1989. The unit should greatly enhance our ability for rescue of trapped victims.

The Firefighters were able to save several structures from destructive fires, but two of the major losses illustrate the adverse firefighting conditions in New England. The fire of January 15 on Jerusalem Road Drive occurred with temperatures below zero, while at the fire of August 5 at Dwyer's Cleaning Spot, it was hot and humid with temperatures over ninety degrees.

The Department has sent two Captains to training sessions on the use of the Norfolk County Hazardous Material Unit. This unit will be used to assist in containing a hazardous material incident until major response teams can arrive and begin cleanup procedures. There have been several personnel changes. The Board of Selectmen appointed William A. Sestito and Francis X. Mahoney, Jr. in March, from the Civil Service list to fill vacancies in the Department. In September, Firefighter Peter Trask resigned and the Board of Selectmen have appointed James F. Curley to that position. All three were call firefighters and I am sure will be assets to the Fire Department.

The renovations of the Fire/Police building were halted when monies for that purpose were recalled at the Annual Town Meeting. The committee responsible for those plans deserves many thanks for a lot of hard work. A new committee has been appointed to provide plans for the much needed renovations and is expected to present them at the 1989 Annual Town Meeting.

In conclusion, I would like to extend to the citizens of Cohasset, the Board of Selectmen, the heads and members of all Town Departments and Committees my sincere thanks and appreciation for their cooperation and assistance. I would also like to thank the officers and men of the Fire Department for their understanding, cooperation and assistance. Without this support it would be near impossible to carry out the activities of the Department.

Wire Department

I herewith submit the annual report of the Wire Department for the year 1988.

Fire and Traffic Signals

Some three thousand feet of fire alarm cable was installed this past year replacing old wire and new installations. Four new alarm boxes were added to the system. All alarm boxes were tested and retimed. Traffic lights were kept in working condition and painted. Many of the present traffic lights need replacing due to age and parts no longer available.

Wire Inspections

All work done by electrical contractors was inspected by the Department and fees turned in to the Town Treasurer.

Town Buildings

All electrical work and repairs were done by the Wire Department in and on buildings owned by the Town.

I wish to thank the Board of Selectmen for their cooperation with the department and to all the men who worked with me in a busy year — a job well done.

Respectfully submitted,

Stephen F. Wigmore
Superintendent of Wire Department

Animal Control

The Animal Control Department has had a busy year. A rise in dog and wildlife complaints account for most of the department's calls.

Many dogs have been impounded this past year and, unfortunately, most were unlicensed. I would like to remind Cohasset residents that any dog three months or older must be licensed annually. Dog licenses are available at the Town Clerk's office during business hours.

I am looking forward to working with all of you this year. If you have any questions about the Town's control law or your pets, please do not hesitate to contact me.

Respectfully submitted,

William P. Quigley
Animal Control Officer

Police/Fire Station Renovation Committee

This committee reports the following:

The Committee was formed August 15, 1988, and Gerard Buckley, David J. Chase, Francis Collins, William Higgins, Barbara Moore, Joseph Kealey and Daniel Brock are members of the committee.

At its first meeting Barbara Moore was elected Chairman, Gerard Buckley, Vice Chairman, and David J. Chase, Secretary.

The committee is charged with developing plans for renovation of the building interior and exterior to halt any further deterioration and to bring the building up to standards as prescribed by local and state building codes and familiarizing itself with all state requirements re female accommodations in both Police and Fire Departments and include such facilities also handicapped access if applicable.

We have met with the Advisory Board and have been told not to exceed $600,000 in renovating the Police/Fire Station; the Selectmen have further added to our original call the request to investigate and include in renovation the 911 communication system. We have investigated the 911 communication system and recommend that the Selectmen's office contact the telephone company and advise the company whether or not it should proceed with the installation of the system.

We have further recommended that the updating of the communication system for the Police Department be worked out between the Selectmen and the Police Chief.

In meeting with the Advisory Board we advised it that furniture, lockers and other needed equipment not be included in the renovation costs. The Advisory Board awarded the sum of up to $9,000 to the committee for costs of a schematic plan and advised us that it and the Selectmen felt that the Town would not approve over $600,000 for the total renovation of the physical plant. We were informed in our meeting with the Advisory Board that the gasoline tanks must be removed at time of renovation and it did not necessarily have to be within the renovation budget.

We have advertised in the Central Register for architects to do a schematic plan — the cost of the entire renovation not to exceed $600.000 We intend to submit an article at the Annual Town Meeting in April.

Respectfully submitted,
B. J. Moore, Chairman

PUBLIC WORKS

Highway Department

To the Board of Selectmen and Citizens of Cohasset;

The Following is my report for the year 1988:

During the months of January, February and March we concentrated our efforts on snow removal and ice control. Once again, I feel we can all be proud of the job the men in my Department and the hired contractors have done in keeping our streets safe during the winter months. Cohasset is indeed one of the safest towns for travel after a snow storm. For that we can thank these conscientious workers.

With any break in weather, my department worked on the repair and/or replacement of catch basins and connecting pipes. In all, thirteen basins were repaired and one (1) new manhole was installed. One Hundred and eighty feet of aluminum pipe was installed at Sandy Cove along with one new manhole.

Once the good weather arrived, we started our program of road sweeping. Every street was swept and cleaned of the build-up of sand and general winter debris. During the following months the sweeper was out frequently, keeping the streets clean.

The Highway Department was also active in resurfacing sidewalks in 1988. A total of 6,265 feet of sidewalks were resurfaced. Eight hundred and ten (810) tons of asphalt was used for grader patching on various roads.

During the year my part-time help painted all fences and replaced or repaired signs where needed.

In closing, I would like to extend special thanks to my men. A special thanks to Stephen Wigmore of the Wire Department, Ben Curley of the Water Department and Peter Laugelle of the Tree & Park Department for their continued support and cooperation.

Respectfully Yours,

Harold W. Litchfield
Highway Surveyor

Tree, Park, & Cemetery Departments

I hereby submit my annual report for the Tree, Park & Cemetery Departments.

The Tree & Park Department maintains all school grounds, parks, commons and cemeteries in town. We also care for trees along roadsides. Each year this department tries to complete one or two capital projects. This year the department is concentrating on over seeding the playing field and commons. This process involves putting seed into the ground so that there is no loss of growth. This ensures a playing area that is safe, also it extends the life of the playgrounds. This is done every three to four years.

The department is also doing extensive road work to clear all dangerous and dead branches and widening the road back for safe passage. Due to a mild winter a lot more time is spent on projects on the outside.

I would like to thank the Wire, Highway and Water Department for their assistance in this department's day to day work and for the extra effort in assisting us with special projects that we undertake.

Peter G. Laugelle
Superintendent

Sewer Commission

The Town's wastewater treatment plant maintained its superior operating record in 1988, and the Commissioners continued to be well satisfied with the performance of the private contractor who is operating and maintaining the plant. Except for this, the year was one of frustration for the Commissioners and the Town.

As noted in the 1987 report, the DEQE finally approved the Hull-Cohasset project under which Cohasset would decommission its small plant and convert it to a pumping station. Cohasset's wastewater would be pumped to Hull and would be treated in the oversized Hull wastewater treatment facility. The Town Meetings of Hull and Cohasset approved this project in 1988, and Cohasset voters subsequently approved a Proposition 2-1/2 override (override approval was not required by the Town of Hull). An Inter-Municipal Agreement for the project was negotiated and signed by both towns. In summary, all requirements for the project were completed by both towns, but it appears to be a casualty — for the time being at least — of the Commonwealth's fiscal crisis. The State has informed the Town that funding for the project will not be available.

The Sewer Commissioners plan to make a strong effort for satisfactory funding in 1989. They will also study the possible alternatives requiring a lower level of State funding with no increase in the funding already approved by the Cohasset Town Meeting and the Proposition 2 1/2 override. At this time, it is not possible to forecast the outcome of these efforts.

F. Charles DeSantis
Chairman

Water Commission

During 1988 the Water Department produced 216,910,000 gallons of water. Reservoir levels remained sufficient this year with a rainfall of 45.78 inches.

The distribution system was increased with 4200 feet of additional water main. Seven hydrants were added and 161 existing meters were replaced. Twenty four new customers were connected to our system.

Increased testing of the water supply was continued in compliance with Federal and State regulations. This will, in accordance with those laws, be further expanded in 1990.

We would like to extend our gratitude and appreciation to Lot E. Bates for his years of service to the Town and this department as Water Commissioner, and other capacities over the years. We are sure he will remain an asset to this community in the future.

We would like to extend a welcome to James Sheerin who was elected in April for a three year term.

The Board of Water Commissioners would like to extend their appreciation to Superintendent Benjamin F. Curley and the men and women of the department for their good work and dedication to the community. We would like to thank all departments for their cooperation with special thanks to Highway Surveyor, Harold Litchfield, and his men.

Cemetery Study Committee

During 1988 the Committee hired a Consulting Engineer to assist in the site selection for a new cemetery. After field inspections of 15 sites, the committee selected portions of the School Department land in the Cushing Road, Smith Place and Pleasant Street area as the best location. After months of meetings with the School Committee and School Facilities Committee, we were successful in having the School Committee vote to transfer the land to the Selectmen.

During the Fall of 1988 we presented our proposal to all Town Boards, Committees, and abutters.

The Committee expects to have articles in the 1989 Annual Meeting Warrant for money to complete the engineering plans and specifications.

Glenn A. Pratt, Chairman

Government Island Study Committee

This volunteer Committee was voted by the residents of Cohasset in 1946. We operate without a budget. The Committee consists of seven community-minded members whose main interests is the town and the preservation of Government Island—one of Cohasset's most historic landmarks.

The Committee make recommendations to the Selectmen who evaluate and accept or reject our suggestions.

During 1988 we held two meetings to discuss the following:

1. The question of Hugo's Restaurant using the parking lot on Government Island.

2. Apartments and low income housing

3. Condition of the Island and improvements

4. Reconstruction of the top section of Minot's Light on the Island.

The Chairman and other members of the Committee attended a meeting of the Selectmen to hear and discuss the use of the parking lot by Hugo's.

The Committee feels that "Government Island" is one of the Town's greatest assets — historically, commercially and recreationally. We want it to be used, appreciated and loved by all —townspeople and visitors.

Again I want to thank the Committee members for their interest and support. As I have said many times, this is a volunteer group and it takes a certain type of individual to take on this particular responsibility.

Milliken/Lillard Study Committee

At its December 7, 1987 meeting, the Board of Selectmen voted to establish a new Milliken/Lillard Field Study Committee, said study to concentrate on the present and future need for athletic fields for use by the School Department and by the community at large. The study is to concentrate on the Milliken and Lillard Fields and to include, but not be limited to, a review of plans for Lillard Field which were presented at the Special Town Meeting of October 26, 1987; said committee to include two members recommended by the School Committee, one of whom may be a committee member; two members of the Recreation Commission, one of whom may be a commission member; three members from the community at-large.

The new Commitee was organized and new objectives established to expand existing Milliken Field toward existing Lillard Field. With engineering assistance, plans and specifications are being completed to install drainage and regrade approximately four acres of additional land which will expand Milliken Field to nearly ten acres of grassed play surface.

Future plans will include relocating the baseball diamond and track and the location of the varsity field.

HUMAN SERVICES

Trustees of the Paul Pratt Memorial Library

Following major additions to the Library's trust funds, as reported last year, the trustees devoted attention in 1988 to reviewing policies for managing these funds. We consulted townspeople who are professionals in the field, and are grateful for their advice. In February we adopted a formula for apportioning principal and income to twelve named funds. In September and December we adopted other policies and guidelines for use of these funds. The funds, and the dates they were given to the Library, are:

Alexander Williams	1901
Susannah Stoddard	1903
Alice Knowles	1908
Mary Williams	1913
Horace Wadleigh	1914
Edith Bates	1930
Florence Bates	1944
Fabian Fall	1945
Evelyn B. Wood	1983-87
Nantasket Library Memorial	1987
Herbert T. Stoddard	1987
Ruth S. Chute	1987-88

In March, the Trustees were advised that a bequest was made under the will of Mercie B. Nichols, who died November 30, 1987. As of this report the bequest has not been distributed.

The trust funds are invested in Vanguard Star Fund, a balanced no-load mutual fund. For the year ending 12/31/88, total return was 19%. Income to be spent in the current fiscal year is 6.6% of year-end fund value.

A "Gifts Notebook" is on display in the New Book Room, showing how these funds are used.

At the annual town meeting, the Trustees proposed an amendment to the town personnel bylaw. The proposal, designed to clarify the powers of the town Personnel Committee, was not adopted by town meeting.

In April, David Wadsworth resigned from the board after three years of service, and Katherine H. Sturtevant was elected new member. We thank both for their willingness to serve.

In May, we responded to an Advisory Committee request to show how a 15% budget cut would affect the Library. This is exactly the same question we responded to in October 1980, when "Proposition 2-1/2" was about to be adopted. We noted that a 15% cut in fiscal year 1982 meant a reduction in open hours of 12 hours (17% cut in staff) and an equal cut in the book budget. We asked: "How can the Library make another cut like that?" We are glad for library users that town officials did not recommend such a cut, and that town meeting approved an override in order to maintain services.

Through the year progress was made in entering the Library's holdings into the computerized database of Old Colony Library Network, a 21-Library consortium. The contract between OCLN and its vendor, Unisys, was amended to incorporate five more libraries and to add new technology. The system is not fully implemented because the vendor is continuing to upgrade it in order to pass OCLN's acceptance test. OCLN will continue to hold the purchase and maintenance funds until this test is passed.

On behalf of the Library's users, the Trustees thank the Friends of the Cohasset Library for continuing their valuable support. In fiscal 1988 the Friends raised and expended $3900 for library services. Their gifts include family passes to the Museum of Fine Arts, Children's Museum, Science Museum, Aquarium, and Plimoth Plantation; a puppet show and free paperbacks for children in the summer reading program. Thanks to Friends officers Ann Costello, President; Linda Wakeman, Vice President/Past President; Lyle Heap, Secretary; Mildred Harrington, Treasurer. Thanks to Friends board member Anne Bowdoin and Trustee Doris McNulty for organizing the booksale in June.

We express the gratitude of the community to 48 people who gave 2200 hours of help at the front service desk and in the office, and to 22 people who helped in the children's department. The volunteers were honored by Friends and Trustees at a luncheon in June.

In July we accepted with regret the resignation of children's librarian Marilyn Pope, who has been with us almost twelve years. She was honored by the teachers in the Cohasset schools for her excellent services to students and teachers.

In August, Kathleen Hickey was appointed to the position.

Barbara M. Power, Chairman

Recreation Director

It is with distinct pleasure that the report of the Recreation Department is submitted to the residents of Cohasset for Fiscal Year 1988, July 1, 1987 thru June 30, 1988

During this twelve month period 7,548 individuals of all ages participated in various structured programs, activities and special events, ranging from sports to cultural opportunities. In our effort to provide activities of interest for all residents, we have kept our services as wide-spectrum as possible, and will continue to do so.

While severely restricted by budget monies, we have continued to use our Revolving Account Fund for 100% self-supporting programs for a large percent of program offerings. During Fiscal Year 1988, we revolved $18,398 in the conduct of programs, ski trips and special activities which may legally be provided for by this method of operation. Because many activities do not meet state requirements for use of this fund, we are unable to conduct some programs thru this account.

The larger sports programs, youth tennis lessons and tournaments, as well as the playground programs, vacation programs, open gyms, etc., are conducted thru monies provided for in our annual budget. During Fiscal Year 1988, we generated via per capita fee

charges; $12,959 Fees vary from program to program, but generally range for $10 to $15 with discounts offered to families with more than one person registering for the same program. Also applied to offset the following Fiscal Year tax rate via the General Fund are fees generated from sales of Facility Permits. During Fiscal 1988, the recreation department generated $20,899 from Facility Permits. Each year we attempt to inform residents of our annual services, activities, financial transactions and endeavors via this report, as well as thru local news media. More than words it may be the statistical data that tell the story. While it will always remain difficult to analyze and measure our impact upon the quality of life, we are able to measure by other standards from which general assumptions can be interpreted or predicted.

What is difficult to measure are the wide-spectrum of peripheral functions we offer our community and residents. These are items that are not especially recreation in the strictest sense. For example, our Youth Job Opportunity Program which affords youths with part-time work and residents with part-time help around the house or yard or babysitters at affordable rates. This program costs tax payers no money to operate, yet provides a service to all aged residents. Further, we obtain grants and private funding for various projects and activities, serve on or with numerous boards and committees, representing the recreational needs of residents for both current and projected projects. We also act as the Town's agent for a number of worthy causes, such as the Heart Fund, Jimmy Fund, United Way, etc.

We have streamlined and made cost efficient the Facility Permit Program, while affording residents the ability to purchase their annual stickers about any day of the week or time they wish.

Another aspect of our function includes support roles for many of Cohasset's special interest groups, providing them with any assistance they might require with their respective projects and endeavors.

Generally, towns that employ a full-time recreation director are towns that have an active and interested recreation commission. They are very often towns which have a very large volunteer force of workers as well. Cohasset for example would require an additional $55,000 to $60,000 each fiscal year in our budget if we were to compensate youth and adult volunteers at a rate of $5 per hour worked. This extent of involvement, on a volunteer basis, indicates a prevailing attitude towards recreation by residents that is very positive.

Often it is only central organizational leadership that is necessary to generate enthusiasm of this sort. The community has a potential, and that potential can manifest from the continuity of programming that can be provided by an active recreation commission.

Recreation may be one of least understood disciplines within municipal government. Very often the word recreation will generate a definition inclusive only of children and sports. While children and sports remain a large part of our function, we are not that restrictive. Recreation includes opportunities for all aged residents in as many forms of leisure pursuits

as possible. Hence, we have geared our activities, programs and services to try and meet the definition, offering as much exposure to as many activities for as many residents as possible. Pursuits in leisure are like many other aspects of life, developed from habit and exposure. Certainly one of our goals is to provide the exposure necessary for the development of the habit of recreation. Children thru exposure and opportunity will begin to develop specific likes and dislikes at a relatively young age, but the most important aspect remains that thru opportunity, they will develop life-long habits regarding the concepts of recreating, irregardless of specific interests and pursuits. Except for six children's programs which are paid for thru our annual budget, (playground, youth tennis, soccer, and basketball leagues/clinics, kickball, and after school sports program) all adult and other children's programs are conducted via our Revolving Account Fund for 100% participant paid programs. This means that it is the program participants themselves who pay for 100% of the programs costs, hence, no reflection on the use of the taxpayers money. In a case of the six programs that are paid for via the budget, or tax money, those monies that are paid back to the Town via per capita fee charges participants. Our annual Fiscal Year budget is many pages in length, as we try to provide a comprehensive report, not only to justify our requests for monies, but also detailing how and where the monies are spent, and what impact those monies will have on the quality of life for our Town and residents. Still we are operating with probably one of the smallest municipal budgets within town government, yet as you will see from the statistical data, our purchasing power is probably the highest, dollar for dollar, of any other branch of government.

Figures are what count most to many people, and the numbers are as follows:

Our total FY 1988 budget was $55,149.50, and is broken down as follows:

$30,392.00	Director's salary
200.00	Longevity (Director)
13,078.00	Program wages (6 programs)
2,238.50	Facility Permits clerks
1,650.00	Printing of permits and application cards/other expenses
1,786.00	Typing/clerical support avg. of 8 hours weekly
5,805.00	Utilities, telephone, purchase of equipment, supplies maintenance repair, etc.
$55,149.50	Total budget-$3,888.50 for facility permits Balance of $51,261.00 for recreation alone

These monies allowed us to serve 7,548 people with programs, activities and events during FY 1988, (July 1, 1987 thru June 30, 1988). That is, directly serve as we serve many more residents indirectly thru development and care of facilities. It also allowed us to purchase 5,000 resident facility permits, 150 each stickers, and issue about 4,000 stickers to residents. The $13,078 alone is pay wages for staff who operate six of our children's programs with total enrollments over 1,500 children. However, via small per capita, the $13,078 generated $12,959 or $119 less money than we were given. Should the $55,000 to $60,000 of volunteer hours be added to this equation, which it should be as it is these six programs that

utilize the majority of volunteer leadership, then the cost to the town versus the impact upon the Town can be accurately depicted.

The Facility Permit Program costs totally $3,888.50, but generated for the General Fund of the Town $20,899 or $17,010.50 more than what it costs the Town. General Fund monies are used to offset the tax rate the following fiscal year, hence, important to all tax payers.

In Fiscal Year 1988, $18,398 worth of programs (structured teaching programs predominantly) were provided for via the Revolving Account Fund for 100% participant paid programs. Another $2,162.50 worth of activities were provided for via direct vendor payments from participants of programs. Hence, over $20,500 of programs were provided for with no cost to tax payers.

The FY 1988 Recreation Commission budget of $55,149.50 provided for $75,710 worth of actual cash services. If we should further calculate in the $55,000 (on the low end) of volunteer services into this equation, you can see that for $55,150 the Town of Cohasset was provided with about $131,000 worth of services, of which $33,858 of the $55,149.50 was given back to the Town and taxpayers in cash (i.e. $131,000 of services at a cost of $21,291.50).

Each year the recreation department rely on large numbers of adult and youth volunteers to help conduct the large sports programs, ski trips and many special activities. While too numerous to name each, we wish to extend our sincere gratitude for your work and expertise. Many programs could not be offered were it not for volunteers. We are also indebted to a number of Town departments, namely: Tree and Park, School, Highway, Wire, Library, Curator of Museums, Water, Disposal,etc., for their continued support and help thru each year. Without their cooperation and assistance many projects and much maintenance could not be accomplished.

The Cohasset Recreation Commission consists of seven members who are elected for terms of varying durations. Richard P. Barrow has been Commission Chairman for about fifteen years and continues to lend much help and support to the department. Commissioners and residents of our community are: Gerard A. Buckley, Vice-Chairman, Mary K. Muncey, Secretary, Joseph Andrade, Terry E. Duggan, Alna L. Ekberg and Donald E. Staszko, members, all of whom should be thanked for their continuing service to the Town.

In an effort to meet the needs of a dynamic community, we always welcome imput and feed back from residents and program participants. Needs change as do interests and activities. Our charge is to isolate, identify and act upon the changing needs and wishes as we interpret them. Our most viable source can tell us only so much, but you can tell us a lot more. Please feel free to call our office, or drop in, we are located on the first floor of the Town Hall. Dates and times are generally posted at least one week prior to the night of the meeting. The public is invited to attend and participate. Many agenda items refer to the operations of the recreation department per se, however, many other items of discussion have to do with

land and water recreational resources, as well as host of other topics Cohasset residents might find of interest. The Recreation Commission's duty and responsibility is to provide for leisure services for residents of all ages. The spectrum of "leisure services" is very wide and encompassing, therefore, our meetings would probably interest a broad spectrum of residents over a period of time. Remember, we consider your input vital to our proper function.

Council on Aging

The Council on Aging's new year began with a grant award from South Shore Elder Services Inc. (Area Agency on Aging) for the development of a Special Needs Exercise Program for handicapped Senior Citizens. The purpose of the program was to provide access to people who have had long-term disabilities with need for Physical Therapy. The program grew beyond the Council's expectations to also include residents from Cohasset Knoll, Ripley Rd. Nursing Homes, South Shore Nursing Facility in Rockland, and Outreach included Seniors from 13 South Shore Towns. A year end report for the program showed that 75 unduplicated Senior citizens attended. The class concentrates on maintaining and increasing muscle strength, flexibility and improving fine motor coordination. There were 123 trips to and from the classes in specialized vans.

The Council on Aging became the conduit for increased awareness of the need for a para-transit system for those persons who could not access regular means of public and private transportation modes. The Council On Aging assisted in connecting people to the Tri-town Para Transit for Handicapped on e day a week in cooperation with the towns of Scituate and Norwell.

We also enjoyed seeing the M.A.P. (Medical Assistance Program) offered by South Shore Elder Service to the Boston Hospitals, starting in July and expanding to all South Shore Hospitals.

In March 1988, Marguerite Rittershaus, Senior Aide, was a welcomed addition to the Senior Center. She is in charge of all office procedures, answering the many questions regarding transportation, appointments, programs and services. She is also responsible for all typing of the (new) newsletter and overseeing the distribution of publicity and bi-weekly publication in the Cohasset Mariner.

A Health Fair for Cohasset residents was held in May 1988. Sponsored by the Board of Health, Social Service League and the Council On Aging. This Health Fair was the Third

Annual for Cohasset and has increased in scope every year. Over 35 different health providers and social service agencies participated in the Fair and approximately 200 people took advantage of the various screenings, consultations, etc. that were available.

As part of the "Outreach Program" initiated during 1988, the Council On Aging redesigned it's newsletter "The Vista" mailed monthly to 960 households where persons 60 and older reside. Also, a Newcomer's Valentine Tea and early suppers were initiated, and Senior Citizens who had never visited. They received an invitation to come and enjoy. The purpose of this initiative was to provide an opportunity for these persons to learn about the programs and services offered by the Council On Aging and to meet the staff and council members. Through the "Outreach Program", the Council On Aging has made many new contacts with Cohasset Senior Citizens, family members and in many cases assisted these persons with accessing needed services.

A year-end review of some of the other programs provided by the Council On Aging during 1988 included: Bridge, Knitting, Quilting, Art, Gentle Exercise twice a week, Arts and Crafts, Bowling, Line Dancing, Needlepoint, Travelogues, Lectures and entertainment, Tuesday Lunch Program, Monday Luncheon in Scituate. In October, the Third Ecumenical Service was held at St. Anthony's Church with a luncheon following in the Senior Center with over 225 Seniors attending and well received. (648) meals were served to 76 different individuals at the First parish House on Tuesdays and an additional 624 meals were served to 13 different homebound persons. The Senior Shuttle provided 1912 one-way rides to 114 different persons, 52 persons received assistance with their 1987 income tax returns and 57 applications were taken for fuel assistance equal to $32,042.01 in reimbursements. Organizationally speaking, Council On Aging members developed by-laws which included six standing committees: Personnel, nominating, finance, long range planning, hospitality and transportation. The Council's long range goals and objective's will be reviewed during the Spring of 1989, and the Council will be focusing on additional space for the Senior Center. In addition, the Council On Aging looks forward to working with the newly formed "Friends of the Cohasset Council On Aging". The Council accepted with regret the resignation of Jane Hamiltion, Betty Enders, Catherine McGrath and Charlotte Leland. The Council On Aging and the community are most grateful for the contribution of these dedicated people.

Appointments made to the Council On Aging in July were Margaret Casey and Lillian Lincoln, thus completing the nine member board under the Town by-law's and continuing the commitment to meet the needs of the elderly of Cohasset.

This year can be characterized as one of growth and cooperation. Participation in all Council On Aging activities have increased. We would be remiss in this report if we did not express our appreciation to all those who so willingly VOLUNTEER their time and energy to deliver meals to home bound elders regardless of the weather; transport Cohasset Senior Citizens to medical appointments, shopping, church services, visiting a "FRIEND", assist with the many office duties, leading the Senior Strutters, teaching classes, helping with the distribution of surplus foods, provide consultation on medical insurance question and billing,

serving at many parties and luncheons. Special thanks to Dan Leahy of Kimball-By-The-Sea for hosting again this year's volunteer luncheon on December 20th. The dedication and hard work of the registered 116 volunteer workers will continue to be an inspiration to all of us.

And finally, we are appreciative of the support of the Town Selectmen and all other Town departments, as well as the Social Service League and Senator William Golden for always being willing to help. We wish to thank all those involved for their participation and support as we continue to look forward to expanding our horizons to meet the increasing needs, demands and challenges ahead of us.

The Cohasset Housing Authority

The Authority continues to pursue the development of affordable housing and an application for twelve units of family housing was approved by EOCD and an initial planning grant was received. A site consultant was hired and in December, at Special Town Meeting, 8.72 acres of school land was transferred to the Authority for this purpose.

A planning grant was received to develop Chapter #689 Housing for People With Special Needs. The Authority awaits approval from EOCD to purchase a site adjacent to Harborview. This site will enable the Authority to develop the special needs unit and to rehabilitate the existing structure to a congregate home for the frail elderly. Further, a position was taken on the Curtis Estate property and all pertinent information went forward to appropriate agencies. The general purpose of the plan encompasses affordable housing for a wide range of clients.

Funding for the renovation and rehabilitation of the elderly housing complex continued under the auspices of the state modernization bureau. The present scope of work includes drainage on site, renovation of handicapped bathrooms, office renovation and roof repair. New patio storm doors have been installed and the existing ones have been repaired. Paving of patios, terraces, walks and the parking lot were also completed.

Kathleen Conte's resignation was accepted with regret and Joanne Young-Nawn was welcomed to the Board as her replacement.

The Authority wishes to thank the Highway Department, Fire Department, Social Service League, Visiting Nurses, Council On Aging, Homemakers and all agencies that contribute to the health and well being of the residents of Harborview.

Housing Partnership Committee

The following summarizes the activities of the Housing Partnership Committee for the year 1988.

1. The application for the designation as a Massachusetts Local Housing Partnership was filed with the Commonwealth on or about May 23, 1988. Until such time as the application was approved by the Commonwealth, the Cohasset Housing Partnership Committee operated by appointment by the Board of Selectmen of the Town of Cohasset.

2. The Committee's first organizational meeting took place in June, 1988. At that time Israel M. Sanchez, Jr., Esquire, was made chairman and the Reverend Gary Ritts was made secretary. Other members at that time included Edward Mulvey, Robert Moody, Robert Dennis, Chartis Langmaid, Nancy Anderson, Dorothy Bjorkgren and Peter Logan. Since that time, Nancy Anderson and Robert Moody have resigned and Patricia Conway and Richard Senechal have joined the committee.

3. Since June, 1988 the Committee has examined proposals for affordable housing presented by Deck Point, Inc. and Crystal Land Development Corporation.

4. After several meetings with representatives for Deck Point, Inc., the Committee determined that due to various concerns that the overall quality of life would not be

appropriate for a housing development at the location and of the type proposed by Deck Point Inc. which would include children. The concerns revolved around geographic and environmental concerns, as well as facility of integration by the prospective Deck Point Inc. inhabitants to the rest of the Town; and, finally concerns as to the marketability of such development with no apparent back-up plans. The Committee submitted its review and analysis of the Deck Point Inc. proposal to the Board of Selectmen which upheld the committee's determination. Subsequently the Town of Cohasset Zoning Board of Appeals granted a comprehensive permit with numerous conditions.

5. After several meetings with representatives of Crystal Land Development Corporation, the Committee determined that it would recommend to the Board of Selectmen approval of the application for funding at the Crystal Woods Housing Development as submitted by the Crystal Land Development Corporation with numerous conditions. It appeared to the Housing Partnership committee that concerns it raised about the Crystal Woods Development were satisfactorily addressed, or would be addressed based upon conditions to approval provided by the Committee. The overall quality of life appeared to be appropriate for an affordable housing development which would include children. The Committee submitted its Memorandum of Understanding and Recommendations to the Board of Selectmen recommending approval of the crystal Woods Development. The Board of Selectmen denied approval of the Crystal Wood Development proposal. The Crystal Land Development has filed for a comprehensive permit.

6. The Housing Partnership Committee has provided Ardent Realty Trust with a copy of the Housing Partnership committee Interim Guidelines for Reviewing Affordable Housing Proposals in response to Ardent Realty Trust's letter to the Cohasset Board of Selectmen which requested an opportunity to meet to discuss affordable housing ideas.

7. The Committee will continue its working relationship with the Board of Selectmen, Housing Authority and other town boards and authorities to review and examine affordable housing opportunities.

Historical Commission Report

Perhaps the most ambitious project that the Cohasset Historical Commission has undertaken is nearing the first phase of completion. We are reconstructing the top twenty-five feet of Minot's Light house on Government Island. The stone work, headed up by Harold Litchfield and Anthony Sestito with the able help of Peter Laugelle, Carl Sestito, James Curley, Paul Laugelle, George Cendella, Peter Litchfield and Richard Poland, placed 100,000 pounds of Quincy granite onto its proper position. The four courses of stones are fourteen feet around and seven and one-half feet high, with the beacon rotating mechanism placed in the center of it. The second phase will be to construct the lantern room and the roof on the structure. The third phase will be to place davits, railings, bells and finishing touches to make the lighthouse as authentic as we can with the materials and the money we have available to us. The financing has come primarily from the South Shore Music Circus and we are grateful to them for their support and confidence in this worthwhile project.

We have on-going inventory revisions of the town's historic assets being done by David Wadsworth. This project is primarily concerned with period houses and other physical structures that are both privately and publicly owned in the Town of Cohasset. The commission aided in setting up an historical trail map and guide to the South Shore of Boston. The map, covering eleven towns, is called "Old Colonial Trails" and does an effective job identifying the most significant historic highlights of the area.

The primary purpose of the Cohasset Historical Commission is to help preserve the character and flavour of the town. We welcome concerned citizens to our meetings and encourage public participation. Our regular meetings are held in the town hall on the first Monday of the month. We are always interested in worthwhile new projects concerning restoration, identification and preservation.

Cohasset Common Historical District Commission

During the 1988 calendar year the commission held eleven regular meetings and five special meetings.

Much of the time was spent on the subject of the Town Hall addition.

The Commission expressed its concern to the Board of Selectmen about the lack of progress with the repairs to the pond on the common.

A total of seven applications for certification of work in the district were received of which six were certified.

During the course of the year Joyce Sturdy, Kathy Young and Emmet Holt left after respectively three, six and three years on the commission. Jacqueline Clark, Gail Parks and Francis Coffey were appointed as new members of the Commission.

Regular meetings are held monthly on the first Monday of the month at 8:00 P.M. in Town Hall. The public is encouraged to attend.

Social Service League Board of Health Nursing Services

The Social Service League under contract with the Board of Health offers Public Health Services to the town residents. These services include family health, communicable disease follow-up and health promotion and education. The League office at 16 Highland Ave. is open for blood pressure checks, urine testing, blood sugar and anemia screening, tuberculin testing and general health consultation. The office hours are Monday, Wednesday and Friday from 8:30 a.m. to 9:30a.m. and 12:30 to 1:30p.m.

Blood Pressure and Keep Well Clinics were held at the monthly meetings of the 60+Club and on a regular monthly schedule at the Senior center, which is open to all residents, and at 60 Elm St. for the residents there.

Additional Clinics available were: a blood pressure check held at the post office, a cholesterol screening held at the Senior Center and five flu immunization clinics.

The Annual Health Fair, which takes place in May was well attended and provided opportunities for residents to participate in various health screenings and to learn about various health programs and become familiar with resource information.

We will continue to work cooperatively with the Board of Health Agent, Joseph Godzik and the members of the Board of Health. We will also continue to work closely with the Senior Center Director, Kathy Bryanton, and the Council On Aging in order to promote good health among the senior population.

We are grateful to our many volunteers for their continued service and assistance to the Social Service League.

EDUCATION

School Committee

During my last year on the School Committee it has been a pleasure to serve as chairman with four cooperative individuals who share my wholehearted commitment to the finest education for the young people of Cohasset. Each member has brought a different experience and perspective to the group, but each has been considerate of opposing viewpoints and willing to compromise for the good of the school community. In that respect the spirit of the committee has changed significantly from that of the fractious group I joined ten years ago. We have especially welcomed the contributions of our newest member J. Russell Reidy, who joined us last April.

As Superintendent Hart will report to you on the specific achievements in the school department over this past year, we would like to dwell on some of the larger issues facing education. The entire school community—administration, staff, parents, and students—is profoundly grateful to those of you who supported our financial requests at the Town Meeting and again on the Override Ballot questions last spring. The problem of funding for education is not going away; in our complex society the demands on our tax dollars are seemingly endless.

It is essential that we provide the very best education we can afford for the youth of today, whether or not we as individuals have children going to school. The short-term benefits to our town of a strong school system have been reiterated often since the passage of Proposition 2 1/2—stable or increasing property values affect every homeowner—but the long-term consequences of education are not so obvious. In our aging society it is more important than ever to recognize and meet the great need for proper education; children are becoming a smaller minority of our total population with every passing decade, and yet they are our nations future. They are our future, because we are living longer and will therefore spend many more years than our predecessors dependent on and affected by the way the next generations conduct the affairs of the world. Simply put, children must become a treasured national resource, not only if the United States hopes for continued prosperity and leadership among nations, but also if we ourselves hope to spend the rest of our lives in peace and reasonable economic security. The School Committee seeks your continued support in fulfilling the educational requirements of these children.

Our committee respects and appreciates the unstinting service of our senior staff; they have a wisdom which can only be gained through experience. We are grateful to our newer teachers for their vitality and infusion of fresh ideas. It is these combined talents of youth and maturity which produce a dynamic educational atmosphere. Mr. Hart has mentioned those members of the faculty who have retired during 1988; we wish them all well. In June of this year, another valued member of our high school staff will retire after thirty-two years of teaching biology; fortunately for us, Robert M. Thompson chose Cohasset as his first teaching post when he began his career. How many students he has challenged and charmed with his sense of humor and love of living things. Another sense of humor deserves to be mentioned at this point: Richard Streeter former Principal of the High School and present Assistant to the Superintendent, will also retire at the end of the current school year. His laconic Vermont wit often sailed over the heads of the students but was well-appreciated by many of us, and often added levity to some situation which might have been discouraging. We thank him for his years of service in Cohasset.

This report would not be complete without comment on the remarkable organization known as our PSO. Born in 1982 out of the frustrations of Proposition 2-1/2 and a longing for effective support and influence in our schools, this group has perhaps accomplished more in seven years than even its founding parents dreamed it could. With an annual budget in excess of $12,000 and hundreds of volunteers involved each year, it has become an extraordinary support system that any school department would envy.

To my colleagues, I give my heartfelt thanks for your countless hours of volunteer service; your efforts have been invaluable to the smooth running of the committee's business, and I hope well appreciated by our community.

To the citizens of Cohasset, thank you for giving me the opportunity to serve; this experience has been enriching beyond words. The School Department is in good hands: you have chosen your representatives well. They will lead...please follow.

Superintendent of Schools

I am pleased to present this annual report on the operation of the Cohasset School Department.

During this year, the school committee and the administration have begun a major program of strategic planning which will result in a series of specific goals that the school department will endeavor to accomplish over the next five years. The process of strategic planning began with an educational forum to which all citizens were invited so that a data base of community concerns regarding public education could be developed and incorporated into the planning process.

Following that meeting, a consultant with extensive experience in strategic planning was identified, and he agreed to work with the planning group to develop the components of the program. Those participating in the planning process consisted of school administrators, school committee members, appointed town officials, parents, present students and recent graduates. This group met for two days during the summer of 1988 and developed a draft of a five-year planning program. A number of meetings have been held following the initial two-day meeting, and a finished product specifying six specific goals for Cohasset will be published in the very near future.

I would like to thank those who worked on this project for their extraordinary efforts which will be of benefit to the school system and to the town over the coming years. Those who participated were: Diana Kornet, Barbara Bliss, Nancy Sandell, Christopher Ford, Russel Reidy, John Creamer, Kenneth Ekberg, Mary Ellen Gallagher, John Leary, George Fortin, Dorothy Wondolowski, Susan Baush, Jane Goedecke, Ralph Kidder, Susan McNamara, Kim Dwyer, and John Replogle.

Also during this past year, extensive review was made of the foreign language department by the Foreign Language Study Committee. As a result of its work, a plan was developed which would enable us to retain three foreign language offerings for our students while at the same time reducing the staff by one member in response to the declining enrollment at the secondary level. Members of the Foreign Language Committee included: Paul Narkiewicz, Mary Ellen Gallagher, John Leary, Nancy Sandell, Jane Goedecke, and Carol Martin.

In the area of special needs, a compliance review was conducted by staff members of the Massachusetts Department of Education. This intensive review resulted in a report presented to the school committee in which the school system was found to be in compliance with all regulatory aspects of the special education law.

The results of standardize testing, including the state-administered basic skills and curriculum assessments tests, continue to reinforce the excellent academic preparation of our

students. The school department, however, is aware of the fact that standardized tests, at times, do not truly reflect other achievements of the students in Cohasset who tend to score quite high on these measures. In an attempt to have a more balanced view of our students' achievement, we applied and were accepted as a member of the Educational Records Bureau. This organization, which works primarily with private schools and public suburban schools, administers tests which enable school districts such as Cohasset to be more diagnostic in its interpretation of students' needs. The school committee and the school administration were pleased to review the results of these tests and to note that Cohasset students compared very favorably to the student achievement in both private schools and other public suburban districts. By the use of these tests, and other methods, we hope to continue to respond to the needs of our student population, ensuring them of a solid preparation for future study and/or work.

As a result of the efforts of the Community Health Education Committee and our health education director, Mike Gill, the school district has developed and adopted a comprehensive AIDS curriculum. The development curriculum is, in my opinion, a reasonable approach to the subject taking into consideration our diverse town population. In addition to inservice programs for teachers, opportunities for parents to review the content of this curriculum have been made available by the health committee and Mr. Gill.

During the past year, the school committee has worked with both the Cohasset Housing Authority and the Cohasset Cemetery Study Committee in an attempt to assist them in locating school-controlled land which would be suitable for the needs of both organizations, while at the same time retaining sufficient acreage of land to meet the projected needs of the school department. As a result of the combined cooperation of the two committees as well as the school committee and the school facilities committee, a plan has been developed which meets the needs of the community at large while at the same time protects the long-term interest of the school department. This type of interagency cooperation is not unique to this specific project and its continuation should be encouraged.

I would like to thank the community for its continuing financial support of the school department which has enabled us to over this past year to maintain the high degree of education for which Cohasset is well known. In addition to the approval of our operating budget, those funds made available by the passage of capital items has enabled us to complete the renovations to the science classroom and laboratories at the high school and to begin repairs to the roof at the Osgood School.

This year has also seen the retirement of a number of long-term school department staff members. They include, Allan MacDonald and Patrick Plante at the high school and Patricia Chase and Marilyn Power of the elementary staff. Together these staff members have devoted more than 100 years of service and will certainly be missed. We wish them the best in their retirement years. Three members of the cafeteria staff, Jeannette McNeil, Frances Ricketts, and Mildred Salyards, retired after spending a total of sixty years within our system. Also, Robert Thompson, a member of the high school science department, and previous chairman,

and Richard Streeter, Assistant Superintendent of Schools, have notified the school department of their intention to retire at the end of this school year. It is with deep regret that the school committee accepted their resignations for retirement purposes. Their contribution to the school system, as well as that of the previously mentioned staff members, has been extraordinary and it will be with great difficulty that we attempt to find replacements for these very valued staff members.

In these times of fiscal constraint, it is reassuring to know that the Town of Cohasset so highly values the education of its children. Because of this foresight, they can look forward to preparing their children to assume those roles in our society which will enable our country to continue to be competitive, not only on the local level, but on a global level as well.

Truly education is the key to our future success and the key is in the hands of our children.

Respectfully submitted,

Stephen E. Hart

AVERAGE CLASS SIZE 21

Each subject area is grouped homogeneously independently of other subjects. Each discipline has honors grouping, for example, honors groups in English, history, mathematics, science, and languages. Cohasset is utilizing the following programs - Introductory Physical Science (IPS);BSCS Biology; Harvard Project Physics; PSSC Physics, and CHEM Chemistry. We have been a participant in the Advanced Placement Program for the past 26 years. This year advanced placement courses will be offered in calculus, English, biology, computer science, European History, French, Spanish, and Latin. Language courses employ the use of a language laboratory.

COURSE LEGEND

The abbreviations below frequently appear on the Cohasset High School transcript. For those not completely familiar with the specifics of the Cohasset High School curriculum, the following brief descriptions are provided:

ENGLISH and SOCIAL STUDIES-GRADE 9

Western Society/English
Western Society/Social Studies — A team taught Humanities program required of all 9th Graders with the focus on the history and literature of Western Civilization.

ENGLISH and SOCIAL STUDIES-GRADE 10

American Study/English
American Study/Social Studies — A team taught American Studies program rquired of all 10th Graders with the focus on American History and Literature. The Social Studies portion of this program meets the American History graduation requirement.

Physics PSSC...Physical Sci. Study Comm. — An Honors Physics course with equal emphasis on lecture and laboratory.

Physics HPP...Harvard Project Physics — A multi-avenue approach to the study of Physics with the emphasis on individual experiments and observation.

GENERAL

Alt Sch...Alternative School Program — Cohasset High School offers an alternative to the traditional program. All courses taught or supervised by Alternative School staff are so i ndicated on the transcript.

CLASS RANK AND GRADE POINT AVERAGE INFORMATION

Class rank and Grade Point Average are calculated by computer at the end of every semester from Grade 9 through Grade 12. This information is readily available and students are advised to check their rank in class periodically in order to improve upon past performance and to assess their potential for college admissions.

There are two (2) different ranks in class on file throughout a student's attendance at Cohasset High School.

1.Current This data ranks students within a grade for the one semester that is currently being reported.

2.Career This data ranks students within a grade on a cumulative basis from Grade 9 to the most recent semester or through graduation. This Class Rank is included on the High School transcript.

Class rank and Grade Point Average are computed through the recognition of course and section difficulty. The five (5) levels of difficulty are:

1. Level one represents Advanced Placement courses (AP).

2. Level two represents Honors courses (H).
3. Level three represents Advanced courses (A).
4. Level four indicates a College Preparatory course (CP).
5. Level five indicates a major subject that is not College Preparatory in nature but requires outside preparation (General, Basic).
6. Non-academic electives have no weights and therefore have no bearing on Class Rank or Grade Point Average.

WEIGHING SCALE

Curriculum Levels	1	2	3	4	5
	1 Full Grade				
	1/3 Grade	2/3 Grade	Full Grade	Full Grade	
	Advanced Placement	Honors	Advanced	College Preparatory	General or Basic
A	18	17	15	12	9
A-	17	16	14	11	8
B+	16	15	13	10	7
B	15	14	12	9	6

C+	13	12	10	7	4
C	12	11	9	6	3
C-	11	10	8	5	2
D	10	8	6	3	1
F	0	0	0	0	0

EXAMPLE: A grade of B in an Advanced Placement course would receive a weight of 15 while a grade of a B in Advanced academic subject would receive a weight of a 12. In other words, there is a difference of a full grade between an Advanced Placement grade and a grade in the Advanced program. Likewise, there is a difference of a full grade between the grade of an Advanced course and a regular College Preparatory course. **BECAUSE OF THIS WEIGHTING SYSTEM, STUDENTS IN THE ACCELERATED PROGRAMS ARE HELD TO VERY RIGOROUS STANDARDS, AND GRADING IS QUITE RIGOROUS.**

South Shore Regional School District

This is the eighth time that I have been pleased to submit a brief report to the residents of the town of Cohasset on the current status of the South Shore Regional Vocational Technical School District.

For twenty-seven years South Shore Vo-Tech has provided the citizens of the South Shore area with a wide range of quality vocational, technical and adult training and educational services. Our graduates have contributed significantly to the economic and social growth of the region. Many have become leaders in business and industry both on the South Shore and beyond. Our graduates can be found in local politics, in various civic organizations and serving in numerous public service capacities in all of our member towns.

Students at South Shore are currently engaged in seventeen different areas of career preparation. The placement of nearly 100% of our graduating class in the jobs in which they have been trained or in higher education is solid testimony to the quality of our programs and instructional staff. In June of 1988, 105 students graduated from South Shore, 1 of them was from Cohasset. Of those graduating, 85% went directly into the jobs for which they were trained, 11% went on to higher education, and 2% went into the military.

Currently 501 students are officially enrolled at South Shore-7 or 1.4% are from your community. Our present enrollment is comprised of 75% male students and 25% female. It is interesting to note that in 1981, there were approximately 5 female students at South Shore. Today we have 126 young women enrolled and receiving a solid academic education and technical training across a number of program areas.

South Shore has strengthened their academic program this year by introducing a challenging academic honors program to the sophomore class. This program will be extended into the upper grades over the next two years. Both academic and technical coursework, at all levels, are slowly evolving into a competency based system that stresses mastering skills and knowledge at a pace most appropriate for each student. In time, this may necessitate some students spending more than the usual 4 years in high school, but it also will enable some students to receive more in-depth work at the high school level or move more rapidly into the work world or higher education.

Through the years, South Shore has provided a vast array of services to its member communities and citizens. Our Continuing Education Program has grown significantly both in regards to numbers of participants and the types of programs available to adults in the region. The demand for skills upgrading and retraining has been growing over the last couple of years. This has resulted in the addition of several new and very successful additions to the Continuing Education Program. We invite each of you to call us at (617)878-8822 to suggest any new or improved services that we can provide to you your company/organization or your community.

The School Committee, staff and students at South Shore are united in their appreciation for your support and trust through the years. Thank you for the opportunity to serve you over the last twenty-seven years.

Submitted by,

Clifford W. Easton
Superintendent-Director

South Shore Regional School District Representative

The South Shore Vocational Technical High School had an excellent year educationally in 1988 and showed greater stability in relationships among the School Committee, Administration and Staff.

Through strenuous recruiting and public relations activities the decline and enrollment has been reversed and there are 501 students in the School this year.Our press releases, a public relations firm and an improved recruiting tape all helped in this regard as well as our continuing effort to have close relationships with local guidance people.

The District has been making a major effort to construct a new addition to our main building in Hanover and to close the leased building in Abington which is in poor condition. Many cost efficiencies would result from this and also improved delivery of educational services. Seven of the member towns have approved a bond issue with only one town not yet agreeing. The Committee is continuing to urge this approval so that full State funding will be available to the project.

The School Committee and the Superintendent-Director are very mindful of the tight financial situation in all eight member towns and not only work actively to craft a realistic budget but also to meet our educational obligations to students, parents and the towns.

Employers in the District still regard our graduates highly and would use more of them if available. Meanwhile the Committee has approved significant upgrading of the academic programs for those who wish to go on to higher education (15% of graduates do) and for those who need communication skills in the conduct of their businesses.

Cohasset enrollment has risen for 5 to 7 this year, but figure should be somewhat greater. Every year about 15 young people graduate from the local high school and enter the work force, but without the vocational skills which would enhance their working life. South Shore VoTech offers athletics and extra-curricular activities in addition to its technical and academic training. Parents, students and other citizens are always welcomed to visit the School to see our fine opportunities

Respectfully submitted,

David Chittim
Cohasset Representative
South Shore Regional School Committee

We, the undersigned wish it to be known, we do not want the Town of Cohasset to install the collector sewer system as proposed in the Ward Plan for the Town of Cohasset June 18, 1984.

We wish that any new sewers installed by the Town to be either conventional type as presently owned and maintained by the Town of Cohasset.

MOVED: That in the event the Town should pass the Ward Plan as modified that such plan be further modified to provide that the installation of sewers and sewer pipes be of the conventional type and not that proposed in the Ward Plan which would require that all residential sewers be equipped with a holding tank retaining solids and permitting only the flowage of liquids into the sewer system.

ARTICLE 15. Hand count taken. Yes 145, No 179. Motion defeated.

ARTICLE 16
(Inserted by the Board of Selectmen at the request of the Board of Sewer Commissioners, F. Charles DeSantis, Jr., Chairman, and others.)

To see if the Town will vote to transfer the sum of One Hundred Fifty-five Thousand Four Hundred Forty-Six and 35/100 ($155,446.35) Dollars appropriated under Article 48 of the June 18, 1984 Special Town Meeting and authorize the Town Treasurer with the approval of the Board of Selectmen to borrow a sum of money as the Town's share of the cost of the design and construction of a waste water disposal system in accordance with the terms of the Ward Plan as that plan is defined in the aforesaid Article 48 as modified by an intermunicipal agreement by and between the Town of Cohasset and the Town of Hull a copy of which is on file with the Town Clerk (hereinafter called the "Agreement") and the terms of an administrative decision of the Environmental Protection Agency dated June 18, 1985 (all hereinafter collectively called the "Modified Ward Plan") which design and construction shall include in both the Town of Cohasset and the Town of Hull with respect to waste water disposal, pump stations, interceptors, force mains, pressure sewers, and ancillary components for the conveyance of Cohasset waste water to the Town of Hull; and for additional work, additional equipment purchases and for the satisfaction of sunk cost payments all as required under the terms of the Agreement and to provide for the design of the sewer service area as set forth in Phase I and Phase II of the map entitled "Town of Cohasset, MA, Sewer Service Program, General Map" dated 11/27/85 as revised through 1/19/88; and further to see if the Town will ratify, approve and authorize the execution of the Agreement; and further that the borrowing authority in the amount of Nine Hundred Thirty-Five Thousand and no/100 ($935,000.00) Dollars authorized under Article 48 of the June, 1984 Special Town Meeting be rescinded; or act on anything relating thereto.

MOVED: That One Million Five Hundred Fifty-Six Thousand Ninety-Five and no/100 ($1,556,095.00) Dollars is appropriated for the Town's share of the cost of the design and construction of a wastewater disposal system in accordance with the terms of the Ward Plan as that plan is defined in Article 48 of the warrant for the June 18, 1984 Special Town Meeting as modified by an intermunicipal agreement by and between the Town of Cohasset and the Town of Hull, a copy of which is on file with the Town Clerk (hereinafter called the "Agreement"), and the terms of an administrative decision of the Environmental Protection Agency dated June 18, 1985 (all hereinafter collectively called the "Modified Ward Plan") which design and construction shall include pump stations, interceptors, force mains, pressure sewers, and ancillary components for the conveyance of Cohasset waste water to the Town of Hall, for additional work, additional equipment purchases and for the satisfaction of sunk cost payments required under the terms of the Agreement, and for the design of the sewer service area as set forth in Phase I and Phase II of the map entitled "Town of Cohasset, MA, Sewer Service Program, General Map" dated 11/27/85 as revised through 1/19/88; that to meet this appropriation One Hundred Fifty-Six Thousand Ninety-Five and no/100 ($156,095.00) Dollars shall be transferred from amounts appropriated under Article 48 of the warrant for the June 18, 1984 Special Town Meeting and the Treasurer with the approval of the Selectmen is authorized to borrow One Million Four Hundred Thousand and no/100 ($1,400,000.00) Dollars under Chapter 44 of the General Laws; that the Board of Sewer Commissioners with the approval of the Selectmen is authorized to contract for and expend any federal or state aid available for the project and to take any other action necessary to carry out this project; and that the Nine Hundred Thirty-Five Thousand and no/100 ($935,000.00)

Dollar borrowing authorization under Article 48 of the warrant for the June 18, 1984 Special Town Meeting is hereby rescinded.

ARTICLE 16. A 2/3 vote is required. Hand count taken Yes 186, No 92. Motion passed.

ARTICLE 17
(Inserted by the Board of Selectmen at the request of the Board of Sewer Commissioners, F. Charles Desantis, Jr., Chairman, and others.)

To see if the Town will vote to borrow the sum of One Million Eight Hundred Thousand and no/100 ($1,800,000.00) as the Town's share of the cost of the construction of effluent sewers in the sewer service area as set forth as Phase I and Phase II on the Map entitled "Town of Cohasset, MA Sewer Service Program, General Map" dated 11/27/85 revised through 1/19/88 (hereinafter called the "Map") and that the sum so borrowed shall be a Revenue Bond the principal and interest of which to be paid annually by the recipients of sewer service in the said sewer service area. Further, that Phase I and Phase II and the existing sewer service area set forth on the Map represents the entire extent of sewer service in Cohasset except for minor areas contiguous to the combined area which may be included on the joint recommendation of the Board of Health and the consulting engineer retained by the Town of Cohasset and only during the design process. Route 3A south of Beechwood Street to the Scituate line, Brewster Road, Ledgewood Drive, Wood Way and Ledge Way shall constitute the "Reserve Service Area" as set forth on the Map and the area may be added to sewer service only after completion of Phase I and Phase II described herein and only by vote of a subsequent Town Meeting; or act on anything relating thereto.

MOVED: that the sum of Eight Hundred Thousand and no/100 ($800,000.00) Dollars is appropriated for the Town's share of the cost of the construction of effluent sewers in the sewer service area as set forth as Phase I and Phase II on the Map entitled "Town of Cohasset, MA Sewer Service Program, General Map" dated 11/27/85 revised through 1/19/88 (hereinafter called the "Map"); that to meet this appropriation the Treasurer with the approval of the Selectmen is authorized to borrow Eight Hundred Thousand and no/100 ($800,000.00) Dollars under Chapter 44 of the General Laws; that the Board of Sewer Commissioners with the approval of the Selectmen is authorized to contract for and expend any federal or state aid available for the project and to take any other action necessary to carry out this project; and that the debt service on bonds or notes issued under this note shall be paid from charges assessed upon the recipients of sewer services in the Phase I and Phase II Sewer area, provided, however, that said bonds or notes shall remain general obligations of the Town of Cohasset; that Phase I and Phase II and the existing sewer service area set forth on the Map represent the entire extent of sewer service in Cohasset except for minor areas contiguous to the combined area which may be included on the joint recommendation of the Board of Health and the consulting engineer retained by the Town of Cohasset and only during the design process; and that Route 3A south of Beechwood Street to the Scituate line, Brewster Road, Ledgewood Drive, Wood Way and Ledge Way shall constitute the "Reserve Service Area" as set forth on the Map and this area may be added to sewer service only after completion of Phase I and Phase II described herein and only by vote of a subsequent Town Meeting.
